

Gator Engines Affiliates with JC Whitney and Auto Parts Warehouse

Gator Engines is proud to announce an affiliate program with national automotive parts suppliers JC Whitney and Auto Parts Warehouse.

March 2, 2009 (FPRC) -- BEAVERTON, OR. – Gator Engines is proud to announce an affiliate program with national automotive parts suppliers JC Whitney and Auto Parts Warehouse. Gator Engines is a leader in the automotive aftermarket powertrain industry.

JC Whitney and Auto Parts Warehouse sells aftermarket parts at deep discount prices with distribution centers all across the country.

The affiliate program will allow Gator Engines' customers access to hundreds of thousands of aftermarket parts at deep discount prices. Being a leader in engine, transmission, and high performance products, Gator Engines' goal is to supply customers with the best products at the lowest possible price. Ed Holt, Gator Engines' Strategic Business Director stated, 'We are very happy to have formed an alliance with these companies. We feel strongly that providing customers the ability to shop at one location for all their vehicle repair needs furthers our goal of excellent service and helping customers reduce vehicle down-time while saving money.'

Gator believes in easing the challenge of finding the best pricing, product quality, warranty and availability. The team is uniquely qualified to exceed their customer's expectations with gas engines, diesel engines, marine engines, performance engines, automatic transmissions and standard transmissions. With this new affiliation Gator hopes to make their customers shopping experience even easier.

Gator Engines specializes in aftermarket powertrain, offering remanufactured and recycled engines and transmissions. Gator also offers a complete line of new high performance units along with a complete selection of marine engines.
