

Demon's Cycle Continue to Ensure Safe Online Shopping With the Highest Payment Security Standards

Demon's Cycle takes online security seriously and has a perfect safety record for customers buying via its website. But Demon's Cycle never stop making improvements and have now upgraded all of their online transaction processing to be PCI DSS compliant.

January 6, 2010 (FPRC) -- Fort Lauderdale – Demon's Cycle, the custom motorcycle designer and manufacturer in Florida, has always taken online credit card transactions seriously and since the launch of its website, which allows customers to securely order and pay for custom motorcycle parts online, they have had a perfect online safety record. To stay at the cutting edge of the modern technology Demon's Cycle website team have now improved their entire whole processing system to be PCI DSS compliant.

The Payment Card Industry Data Security Standard (PCI DSS) is a set of comprehensive requirements to ensure payment security. It was developed by the PCI Security Standards Council which includes payment giants like American Express, MasterCard and Visa. The DSS security standard covers areas such as security management, policies, procedures, network architecture and software design.

By upgrading their online transaction system to be PCI DSS compliant Demon's Cycle are ensuring that customers can safely shop with them without fear or worry about their personal and credit card information being exposed.

"It's a good feeling to know that neither our customers nor our company will have any trouble with regards to identity and credit card information theft" said Artem Rodos, Demon's Cycle Vice President. "Demon's Cycle website does not store any customer credit card information, so all the financial information entered is deleted right after the verification process. This way it can never be stolen or modified."

The Demon's Cycle website is a valuable resource for all those interested in buying custom parts for Harley-Davidson motorcycles. Demon's Cycle offer a extensive range of parts including Air Cleaners, Carburetors, Engines, Gas Tanks, Mirrors, Tires and Headlights.
