

SuperVan Service Company Inc., Adds New 'Hot Shot' Service with Sprinter Van

New Hot Shot Service provides choice of carriers for SuperVan's logistics customers seeking to ship small to large packages.

June 9, 2010 (FPRC) -- St. Louis – SuperVan Service Company Inc., a family owned and operated Midwest based trucking company, announced the addition of a new 'Hot Shot' service sprinter van for customers requiring super fast service.

According to Wally Brauer III, President, 'Our customers requested this service because they had a limited choice of hot shot carriers, offering same day/next day service for packages from small shipments up to large shipments of 1600 lbs. As a family owned and operated company, we can respond very quickly, within half an hour, providing an immediate response to our customers' needs'.

SuperVan's Sprinter Van offers an economical, fast turnaround at the company's eight terminals, meeting urgent deadlines. Freight quotes are provided within 30 minutes from 8 am to 5 pm Central Standard Time. SuperVan offers convenient, web based tools which are available 24/7/365, allowing their customers to quote, trace and place their freight order. SuperVan also offers 'Hot Shot' truckload shipments.

About SuperVan:

SuperVan is an LTL carrier with corporate headquarters centrally located in St. Louis, MO. The company operates terminals in eight cities, including St Louis, Springfield and Sikeston, MO, Chicago IL, Indianapolis IN, Kansas City KS, Memphis and Nashville TN.

Operating via a network of major marketing partners allows SuperVan to offer full state LTL coverage in 31 states. This network is complimented through an EDI system providing on-line tracking and communication capabilities. This network provides a service package superior to the company's competitors with direct loading and less handling. As a result, SuperVan Service Co. Inc., offers an excellent alternative to the large, cumbersome, carriers that work through a network of 'Break Bulks' or 'Hub and Spoke' operations.
