

NC Vinyl and Aluminum Fence Supplier Recognized Among the Fastest Companies In the US by Inc.

Based on stats scrutinized by Inc., GlobalFenceandGate.com supplier Sentinel is one of the fastest growing private companies in America with a 12% increase in revenue during the nation's toughest economic years.

September 27, 2010 (FPRC) -- LUMBERTON, NC -- A combination of high quality American-made products, a passion for extreme customer service, and a team of fantastic people is a recipe for growth -- at least this is the formula that GlobalFenceandGate.com says led it's supplier to earn a spot on the 2010 Inc. 5000 Fastest Growing Company List.

Based on stats scrutinized by Inc., GlobalFenceandGate.com supplier Sentinel is the 4718th fastest growing company in America.

The company's detailed Inc 5000 listing is available online at: <http://www.inc.com/inc5000/profile/sentinel-fence>.

"We are thrilled to have contributed to this success. It's an affirmation that our customers appreciate our focus on 'above-the-board' customer service and high-quality American products," said Nigel Caruthers of Global Fence and Gate.

While the company did not submit its numbers to the Inc 5000 list, figures place it as the 208th fastest growing company in the US for 2009. During the 2009 Inc 5000 evaluation period, the company experienced a 991.72% revenue increase, growing from \$384,000 in revenue in 2005 to 3.8 million by 2008.

To formulate the 2010 list of the country's fastest growing companies, Inc. compares company growth between 2006 and 2009 -- some of the toughest economic years in recent American history. Sentinel's 12% growth during that time period placed the company 4718th among all private companies and 190th in the manufacturing industry.

"The leaders of the companies on this year's Inc. 5000 have figured out how to grow their businesses during the longest recession since the Great Depression. The 2010 Inc. 5000 showcases a particularly hardy group of entrepreneurs," said Inc. president Bob LaPointe.

Caruthers says that their and Sentinel's recipe for 'hardy entrepreneurship' is to keep a steadfast focus on the most important asset of their company -- their customers.
