

## **Special February Sale Of HD 3D LED LCD Plasma Televisions And Home Theatre Begins At Sound And Vision Bolton And Leeds**

*Discover Low Prices On HD 3D LCD, LED and Plasma Televisions, DVD Recorders, Blu-ray Players, AV receivers, AV Furniture And More In The Massive February Sale At Sound and Vision Bolton and Leeds*

February 18, 2011 (FPRC) -- Can you believe that January is over and we are already in to the second month of the year? February has to be one of the coldest months of the year so instead of braving the cold weather for a few drinks in the local pub,, more and more of us are turning to staying indoors and entertaining ourselves in our homes.

After the over spending and over partying in December and January, February is the time for semi hibernation to recharge your batteries and steer clear of the freezing temperatures. As staying in is the new going out there are loads of things you can do to entertain yourself in your home. Get the lads round to watch a major sporting event or have the girls round for a chick flick marathon, or settle down with a brew and catch up on the latest soaps. Having a good quality home cinema system in your home can vastly improve your home entertainment, so staying away from the cold weather has never been so enjoyable.

Upgrading and improving your home cinema is more affordable now than you might think, low prices and good deals are available on a full range of home cinema products.

If the bargain hunters amongst you are looking for a new television then they should stay on the lookout for the best offers and deals on the latest televisions including 3D TVs, LED, LCD and plasma televisions. By simply upgrading your television to one of the latest LED, LCD or plasma televisions you will notice the difference straightway with improvements to sound and picture quality.

To many sound quality is just as important as picture quality, by adding a good priced home cinema surround sound speaker package could work wonders and boost you home cinema experience. When it comes to making changes and improvements to your home cinema system, one of the best places to find a great deal and value for money is Sound and Vision in their February sale.

Sound and vision are originally based in Bolton but have recently opened a store in Leeds as well. The February sale at sound and vision will be taking place in both the stores and the Sound and Vision website.

In the February sale online and in store customers will discover low prices on a full range of home entertainment products from DVD players, Blu-ray players, LED, LCD and plasma televisions as well as DVD recorders, AV receivers amplifiers and more. Throughout the stores and online there will be discounts on top name brands like Panasonic, Philips, LG, Sharp, Toshiba and Sony. As well as the top big name brands sound and vision will also be offering reduced prices on specialist brands like Pioneer, KEF, Sonos, Spectral and Yamaha.

When you log on to the sound and vision website at [www.soundandvision.co.uk](http://www.soundandvision.co.uk) you will discover pages and pages of more February offers in the February sale. When shoppers visit the Sound and Vision website they will be really impressed with the quality of informative products video reviews they offer to assist them in their buying process.

This February avoid the cold weather and stay indoors and enjoy a whole new home cinematic experience thanks to Sound and vision and their February sale.
