

St. Charles Plastic Surgery Gears Up for 2011 Breast Cancer Race

Join the St. Charles Plastic Surgery team at this year's "Y-Me Race at Your Pace" breast cancer fundraising event.

March 1, 2011 (FPRC) -- Pink hard hats and signs that say "Reconstructing the Road to Recovery" will complete the theme of this year's St. Charles Plastic Surgery breast cancer fundraising team. As Chicago plastic surgeon Dr. Bahram Ghaderi and his staff prepare for their 8th annual "Y-Me Race at Your Pace" breast cancer fundraising event on this Mother's Day, their goal is to raise \$5,000 to make sure no one faces breast cancer alone.

This year's "Y-Me Race at Your Pace" will take place on May 8, 2011, in Chicago in support of the Y-Me National Breast Cancer Organization. Recognized as the nation's oldest breast cancer organization, Y-Me National Breast Cancer Organization has been providing kind and attentive guidance to breast cancer victims 24 hours a day, 7 days a week in more than 150 languages for more than 30 years. Dr. Ghaderi and his team are honored to raise funds that will ensure breast cancer victims receive the emotional support and counseling they so desperately need to overcome this devastating disease.

The St. Charles Plastic Surgery team is now recruiting team members who will have an opportunity to make a difference in the lives of those affected by breast cancer. Team members are also invited to participate in this year's team contest to win a prize. Those who raise funds of \$100 or more will also be entered to win the team giveaway.

To join or sponsor the St. Charles Plastic Surgery team, please visit <http://www.race.y-me.org/scps> and click on Join My Team. If you are unable to join us this year, you may sponsor the team. Your team Captain is Catie Wallace; please contact her with questions at (630) 762-9697.

More About St. Charles Plastic Surgery

Led by an extremely qualified Chicago breast augmentation and breast reconstruction surgeon, Dr. Bahram Ghaderi, St. Charles Plastic Surgery and its staff are proud to help breast cancer victims restore their bustline, femininity and dignity following mastectomy surgery. For Dr. Ghaderi, the reconstruction of a breast following cancer is one of the most rewarding surgical procedures he performs. He gets great satisfaction from giving his patients a chance to put breast cancer behind them and move on with their lives knowing they have won the battle.

In addition to breast reconstructions, Dr. Ghaderi performs the full spectrum of cosmetic surgery procedures for the face, body and breasts, including breast augmentation surgery, breast lift, breast reduction, tummy tuck, liposuction, facelift surgery, blepharoplasty (eyelid surgery) and more.

If you wish to enhance your appearance and renew your self-confidence, please contact Dr. Ghaderi and his medical team of St. Charles Plastic Surgery at (630) 762-9697. You may also visit the St. Charles Plastic Surgery website at www.stcharlesplasticsurgery.com.
