

Broten Garage Door & Gate Joins South Florida Businesses In Helping Foster Children

Broten Garage & Gate, a garage door, entry door, and gate sales and repair company in South East Florida, joins other businesses in repairing homes for South Florida foster children.

June 4, 2011 (FPRC) -- In a day and age where negative and unconstructive news fills the headlines around the world, a group of businesses are joining together to change the headlines in South Florida. These companies are gathering together on Saturday, June 11th to help the foster kid's agency "4 Kids".

The businesses will come together at two different locations on the same day to make a safer and more comfortable living environment for these foster kids. The homes will have roofs replaced by ABC Roofing of Coral Springs, Impact Windows installed by Extreme Window and Door, and Impact Entry Doors by Broten Garage Doors. These two homes are located blocks apart in the Palm-Aire subdivision off of Lyons Rd. in Ft. Lauderdale. There will be food and drinks and great fellowship to share.

This project has products donated by companies such as PGT Windows, Simonton Windows, Therma Tru Doors, ABC Supply, Town & Country Industries, MFM Sealants, Huttig Building Supply and Timber Tech Decking. Along with the contractors and suppliers, there will be volunteers from the local community churches and businesses to lend a helping hand.

Town & Country Industries, a division of ABC Supply Company, has worked together with the "4 Kids" group for over four months planning and coordinating this event. Their goal is to bring awareness to this community event through local news and radio coverage.
