

## **Spanish School Introduces New Interactive Courses of Total Spanish Immersion Online with Native Teachers**

*100% Interactive Spanish Immersion courses with a system of Video Conference sharing blackboard, chat, video, audio, etc. Several Courses can be offered: General Spanish, business, medical, legal Spanish, Conversational Spanish, and much more. It is possible to have Group courses and Individual classes.*

October 11, 2012 (FPRC) -- Buenos Aires Centre, Spanish school from Argentina is launching new courses of Spanish language Online by a system of Video Conference. This system is used by prestigious Universities (Colorado, Alaska and Miami) for your courses online. With this system is possible to have a Live class but online.

Students can interact with a teacher sharing a chat to talk with him/her and partners, a video to watch movies. All lessons are provided previously by email and it is possible to see a study with them in the virtual blackboard. Opportunity to learn Spanish from Spain, Latin American and Argentinian Spanish faster and efficiently with native teachers. All lessons can be recorded.

Students have possibility to live a real immersion in Spanish Language but Online from commodity of their homes or offices. In these times of crisis, where maybe it is impossible for many students to have the resources to travel to a Spanish speaking country, classes online are a very good alternative to learn Spanish in a true real-immersion environment.

School offers possibility of having classes with small groups, as well as one to one classes. School provides students certificates upon completion of the program and a transcript. Certificate will specify the level they have reached, the areas they have worked, and the total number of hours they have studied.

Buenos Aires Centre can provide students with all the support they need in order to negotiate credits with their institute of higher learning.
