

## **New Jersey Cataract & LASIK Surgeon Recognized by Castle Connolly Top Doctors**

*Joel Confino, M.D. a Cornea Specialist, Cataract & LASIK surgeon at The Eye Care & Surgery Center has been selected and included in the Castle Connolly Top Doctors® list for 2013 as one of the Top Twelve Ophthalmologists in the Nation.*

May 21, 2013 (FPRC) -- Joel Confino, M.D. a Cornea Specialist, Cataract & LASIK surgeon at The Eye Care & Surgery Center has been selected and included in the Castle Connolly Top Doctors® list for 2013 as one of the Top Twelve Ophthalmologists in the Nation.

Less than 5% of the nation's licensed physicians are selected as Top Doctors® in their regions for their specialties. Being selected top ophthalmologist indicates that Dr. Confino was nominated by peer physicians and selected by a panel of experts. As nominations are open to all board certified physicians, thousands are included in the selection process. The final honorees are chosen from these nominees by the Castle Connolly physician-led research team.

Joel Confino, M.D. is a Founder of The Eye Care & Surgery Center in New Jersey. He is a graduate of Yale University and earned his medical degree at Albert Einstein School of Medicine in New York. Dr. Confino completed a residency in ophthalmology at Mount Sinai Medical Center as well as a fellowship in Corneal and External Disease at the University of California-San Diego (UCSD). He is certified by the American Board of Ophthalmology and is a Fellow of the American Academy of Ophthalmology and American Society of Cataract and Refractive Surgeons. At The Eye Care & Surgery center, Dr. Confino specializes in diseases and surgery of the cornea, laser cataract surgery and advanced technology lens implants, refractive surgery including blade-free LASIK and treatments for dry eyes.

The Eye Care & Surgery Center is staffed by a team of Board Certified, NJ Ophthalmologists, who are subspecialty Fellowship trained New Jersey eye surgeons. The ECSC doctors are supported by certified Opticians, technicians and administrative staff. The Eye Care & Surgery Center provides eye examinations for adults and children, surgery for cataracts, intraocular lens implants (IOL) and laser vision correction such as LASIK. The practice is recognized for diagnosis and treatment of cornea disease including cornea transplants, diagnosis and treatment of diseases of the retina including diabetes and age related macular degeneration (AMD) and diagnosis and treatment of glaucoma. Reconstructive and cosmetic facial surgery including eyelid surgery and facial and skin rejuvenation are among the services provided as well as contact lenses, eyeglasses, eyewear and optical services. The managing physicians have also integrated a Hearing Services Division, realizing the relationship of hearing and sight for quality of life.
