

TeamFollowPromo.com Launches Instagram Follower Packages

TeamFollowPromo.com adds Instagram followers to their packages. Users can now buy Instagram, Vine, Facebook or Twitter followers.

Brooklyn, NY February 6, 2014 (FPRC) -- Recent data released by MacWorld indicated that 58% of people belong to a social network, and that 11% of the world's population has a Facebook page. At the same time, a report by Staples showed that 41% of small businesses want to take advantage of Facebook as a marketing tool, but 53% reported that they struggle to use social media effectively. With these facts in mind, TeamFollowPromo.com is now providing a service that allows social media account owners to quickly increase their presence, by purchasing followers.

A representative for TeamFollowPromo.com stated, "Social media is becoming increasingly more important as a marketing tool. Most companies today have a social media page, and the majority of their advertising explains how to find them there. In the U.S., there are more than 2 billion connections between people and local businesses. Facebook, Twitter, Instagram, and Vine are some of the sites that are helping businesses gain more recognition. Our goal is to help these companies increase their presence in social networking, by providing instant fans. We have built up a large list of subscribers who have agreed to follow our clients. We do not need customers' passwords, or require them to follow back. Whether a client wants to quickly increase their Facebook presence, or buy cheap Instagram followers we can help."

Visitors to the TeamFollowPromo.com site are presented with a variety of ways to increase their "likes", or fan base. These include the option to buy Instagram followers in groups ranging from 1,000 to 50,000 fans. Customers may also buy Twitter followers at a variety of prices. For \$10.00, they can get 1,000 immediate followers, or they may choose a variety of other packages that can include as many as 100,000 fans, at a cost of \$369.00. In addition, customers may purchase Facebook followers, or increase their fanbase on Vine, with similar packages.

"Our team is committed to fast service, and provides 100% customer satisfaction. All followers are delivered within 2-7 days. The service is completely anonymous, and no followback is required by account owners. TeamFollowPromo's services have no negative impact on any account's good standing. We do everything according to social media's policy. Customers are guaranteed to receive all of the followers that they order. If we are unable to deliver fans, we will refund their money. TeamFollowPromo.com will do the job the right way, and offers a 60 day retention plan. If customers ever lose followers for any reason, we offer to replace them for free.", explained a company spokesperson.
