

Minnesota Business Magazine Features MEI

MEI contributes to Mankato's growth and recognition within the business world.

February 27, 2014 (FPRC) -- MANKATO, Minn., February 27, 2014- MEI's continual success is an important influence on the growth of Mankato's economy and manufacturing industry.

MEI, a distinguished full service elevator solutions company was selected among other area businesses for Minnesota Business Magazine's article 'Mankato on the Move.' Mankato was named 10th on Forbes list of Best Places for Business and Careers of 2013 because of the local progression in the business world.

MEI and the Mankato area are thriving. MEI contributes to the Mankato manufacturing economy on a local, national and international level. Mankato offers a diverse customer base of companies in manufacturing, retail, government and health care. These industries benefit MEI because of the need for passenger and freight elevators. Specializing in manufacturing, installation, modernization and servicing of various types of elevators, MEI is a one-stop-shop for all of the Mankato area.

MEI's company-wide growth has led to an expansion in the Northeast United States. A new facility is now in Norristown, Pennsylvania. MEI can better serve this region by manufacturing power units as well as stock parts and other products.

MEI is a North American leader in design as well as the production of custom passenger and freight elevators. MEI can install elevators, modernize and service equipment within a seven-state region including Minnesota, Wisconsin, Iowa, South Dakota, North Dakota, Kansas and Missouri.

About MEI

Founded in 1971, MEI, an elevator manufacturer also specializing installation, maintenance, modernization and servicing of various types of elevators. Equipment manufactured by MEI is found in every U.S. state as well as several foreign countries. In addition, MEI installs, modernizes and services equipment within the Midwest. MEI is licensed, insured and bonded elevator contractor and a member of the National Association of Elevator Contractors. Our equipment meets the requirements of the ASME A17.1 code / CSA B44.
