

GTA 5 PC Download Launches To Offer Exclusive Free Download Of GTA 5 For PC

GTA 5 PC Download is offering exclusive access to a completely free download of GTA 5 for PC, a game yet to be officially released for PC

Jersey City, NJ - December 3, 2014 (FPRC) -- Grand Theft Auto 5 is considered to be one of the greatest achievements in modern gaming, it gives people a sandbox environment with near unlimited possibilities and attention to detail, together with a gripping central storyline and addictive game play. The game has been out on consoles for nearly a year, but the developers have been slow to release a PC version. For PC gamers, the wait is now over, and GTA 5 PC Download has a PC version of the game available for people to download free of charge.

In order to download GTA 5 for PC, users simply have to like the facebook page, follow the twitter account or subscribe to Google + updates to get access. From there, individuals can start the GTA 5 PC download to enjoy hundreds of hours of top quality gaming entertainment, and all absolutely free of charge.

The promotion is unlikely to last long, and so interested parties are advised to head straight to the site to get their Grand Theft Auto 5 PC download. The site also has screen shots of the game being played on the PC to confirm its authenticity, and the site even has GTA 5 for Android available for download for a limited time.

A spokesperson for GTA 5 PC Download explained, "This promotion will certainly not be available for long so users must get their copy right away before Rockstar Games pull the plug. This is an amazing opportunity to get one of the most popular console games of all time in its long anticipated PC format, which will feature unbeatable graphics and smoothness of game play as well as an amazing immersive storytelling experience. We will keep the download active for as long as we can, so get online now and get your copy."

About GTA 5 PC Download: GTA 5 is not yet launched for PC, but GTA 5 PC Download are giving away a free download of GTA 5 which can be played on PC by any and all users. The download is previewed with screenshots and can be downloaded simply by helping to spread the word. For more information please visit: <http://www.gta5pcdownload.com/>
