

Mr Auto Insurance Announces Major Forthcoming Expansion Into New Forms Of Insurance

Mr Auto Insurance will soon begin offering its users motorcycle, life, health, home and renters insurances amongst others, in a major expansion of the company's services.

San Francisco, CA, March 9, 2015 (FPRC) -- Auto insurance is something everyone loathes to have to pay, but is a legal necessity in order to drive. In order to get the best deal, drivers must play companies off against each other, but with so many companies that can be difficult and time consuming task. Mr Auto Insurance Tampa FL has taken on that job on behalf of drivers in Florida, and very successfully. So successfully in fact, the company now aims to use their same system for new kinds of insurance. They have just announced at five new kinds of forthcoming insurance quotes available from their website.

The new services will follow the already successful format of their automobile insurance, sending quotation information to a select group of recommended providers in the local area who must then blind-pitch their quote, ensuring they pitch low to beat out the competition and provide the best deal for the consumer.

These new services, which include life insurance, health insurance, home insurance and renters insurance will not come at the cost of auto insurance, which itself will be expanded to include motorbike insurance at the request of current users. The expansion requires no small amount of infrastructural investment.

A spokesperson for Mr Auto Insurance Tampa Florida explained, "By offering five new types of insurance we are increasing our workload five-fold. We have to research the companies, authenticate their policies, then review them against the backdrop of the competition, all to ensure we are only asking the most competitive companies for quotes. Doing this is necessary however to maintain the quality of service we are so proud of providing for Auto Insurance. The people of Tampa who have used our services to get a great car quote have demanded great quotes for their other insurance needs. We are happy to provide them."
