

CertExams.com Releases PMP Exam Simulator

CertExams.com, a leading netsim and examsim provider, released PMP practice tests with 300+ questions with flash card explanation.

April 22, 2015 (FPRC) -- CertExams.com released Project Management Professional PMP exam simulator for candidates preparing for PMP stream of exams. The practice tests consist of 300+ questions with detailed answers. The question types offered by the simulator include Multiple Choice Single Answer (SA), Multiple Choice Multi Answer (MA), Drag and Drop (DnD), and testlets. Upgrades are free for one year from the date of purchase.

The PMP simulator mimics the actual exam with similar difficulty level, and exam environment. The test engine offers two modes: Learn mode, and Exam mode. Learn mode is useful for candidates to step through the questions and learn the concepts behind each question. Exam mode is useful for candidates preparing for final exam preparation.

The PMP practice exam objectives include the following:

Performance Domain I: Initiating the Project

Performance Domain II: Planning the Project

Performance Domain III: Executing the Project

Performance Domain IV: Monitoring and Controlling the Project

Performance Domain V: Closing the Project

Category wise scoring is available, and candidates will be able to repeat the exam with bookmarked questions.
