May 14, 2015 (FPRC) --

For people residing in the Watertown CT area looking to sell or purchase a new home or commercial office building, Watertown CT real estate agents and brokers have just announced the grand re-opening of their new real estate office now located at 699 Main Street in the quaint, little town of Watertown, Connecticut.

Westbury Realty's new owner and licensed broker, Pierre Moran is now managing one of the top real estate agencies in the greater Watertown-Oakville area of Litchfield County, CT.

Mr. Moran, a Watertown native and long-time resident brings several years of on the job brokerage experience and real estate knowledge back to the small town he grew up in. For several years Pierre has been successfully brokering both commercial and residential listings and sales in the New York City metro area of Manhattan.

Westbury Realty, LLC has been in business since 1979 and was originally located in the old Westbury Plaza Building just south of the Watertown Fire Department on U.S. Route 63 in Watertown.

For well over thirty-years, this highly respected real estate agency in Watertown, CT has earned the trust and respect from hundreds of very satisfied buyers, sellers, co-brokers and agents alike.

Westbury may have a new owner and location but the professional small town personalized customer service, will remain the same!

Upon entering the newly renovated Watertown real estate agency, interested parties will be greeted

with an office that is professionally staffed, bright and clean. Watertown broker and agent, Pierre Moran, was quoted saying: "I wanted to achieve a clean look for the new location while preserving the old building's original charm and aesthetics from the 1920's." The beautifully refurbished stamped-tin-metal ceilings, moldings and wood framing are all evidence of such meticulous preservation.

Pierre also shared some interesting history on the town and where the Watertown real estate agency derived its name from.

Apparently, the First Ecclesiastical Society of Westbury was formed sometime during the summer of 1738 by a few hundred local residents. Four decades later, Westbury became independent and finally separated from its long ties with Waterbury. From that point forward, Westbury would be formally known as Watertown.

So the countrified borough of Watertown emerged from its humble beginnings as Westbury in the early 1780's, and has never looked back.

Moran's newly restored location will also be accompanied by a pair of new marketing videos and newly revamped website. Pierre's broker video can be accessed at: <http://www.youtube.com/watch?v=PRMWks8ZWvg>
