

SimulationExams.com Website Updated For Better User Experience

SimulationExams.com website has been updated for better user experience and extensively uses Cascading Style Sheets for navigation.

May 14, 2015 (FPRC) -- SimulationExams.com website has been updated thoroughly and now include:

1. Top menu navigation with a drop down menu. The menu is divided into 5 major categories. These include Cisco, CompTIA, ITIL, Juniper and others . Users will be able to browse through different categories and view the available.
2. Cisco menu: The home page consists of a list of available Cisco Certification Practice Tests. These include CCNA, CCENT, CCNA ICND2, CCNP Switch, CCNP Route, CCNA Security and CCDA Practice Tests.
3. CompTIA menu: The home page consists of a list of available CompTIA Certification Practice Tests. These include A+ Essentials, A+ Practicals, Network+, Server+, and Security+ Practice Tests.
4. Juniper menu: The home page contains JNCIA-Junos (JN0-102) Practice Tests.
5. ITIL menu: This page contains ITIL Foundation Practice Tests.
6. Others menu: This home page contains the practice tests offered for various certifications, which include PMP Practice Tests, Lab simulator for A+, Lab Simulator for Network+, OCPJP Practice Tests and others.

The website uses Cascading Style Sheets (CSS) extensively. It has also been checked for compliance with major Internet browsers including Internet Explorer, Mozilla FireFox, and Google Chrome.

Additionally, each practice tests has been laid out such that the navigation within the practice tests is easy. Path to each page of the website with respect to the Home page has been given so that users landing on any page will immediately know the location of the page with respect to the rest of the website.
