

## Swiss Financial Holding Group announces FX volume figures for April 2014

*Swiss Financial Holding Group announces Foreign Exchange volume figures for April 2015*

May 21, 2015 (FPRC) -- Swiss Financial Holding Group (SFHG), one of the world's fastest growing providers of wealth management and asset management services, today announced volume figures for the month of April 2015.

During the month, Swiss Financial Holding Group (SFHG) traded \$36.4 billion in OTC FX. Thus, volume figures jumped 4% over March 2015 figures. Swiss Financial Holding Group (SFHG), the asset management investment specialist, saw strong growth through its wealth management division for high-net-worth and institutional clients.

Swiss Financial Holding Group (SFHG) provides HNWI and institutional clients with Managed Account Services in currency and derivatives markets. The company's investment programs cover worldwide equity index derivatives markets like DAX 30, CAC 40, FTSE, S&P 500, Dow Jones, Hang Seng Index, Nikkei 225 and Swiss Market Index.

In currency markets Swiss Financial Holding Group trades major currencies and crosses and offers discretionary portfolio services for HNWI and institutional clients.

Swiss Financial Holding Group's award winning investment programs have returned over 588% (net of fees) since January 2010 for its investors. Thus, Swiss Financial Holding Group's investment programs hold top performance rankings in investment databases around the globe.
