

MaxLand Real Estate Announces the Opening of a Branch in Kochi, Kerala

Maxland Kerala is a new face to real estate industry, but with great understanding of the market trends and moves. The Kochi real estate zone is going to be experienced the fresh and effective services of Maxland soon.

June 19, 2015 (FPRC) -- MaxLand Kerala is opening an office at Kochi. A relatively new entrant into the business, Maxland intends to enter the Kochi real estate industry as a breath of fresh air by facilitating the purchase, sale and renting of real estate and property in and around Kochi. It has certain innovative unique selling propositions that will make it the most popular real estate dealer in Kochi. The company does not charge the buyers the brokerage charges that are usually charged by other firms. According to the Regional Manager Mr K.P .Shaji, "Since the brokerage charges that the firms charge are proportionate to the value of the property it often discourages those who want to buy large properties to make their dealings. Our policy of zero brokerage charge from buyers makes us a trendsetter of sorts".

Maxland Kerala has a very efficient team working behind the scenes. These professionals are comprised of people who are committed to the purpose and are aware of the insecurities faced by those who want to engage in a real estate deal. They are well experienced in the field of real estate and know exactly how the market works. They are also aware of a range of properties that are available in Kochi and have a very good information network that enables them to suggest properties for buyers of varying requirements. As per their Marketing Manager, Mr Prakash Baalji "We know the previous trends and have been observing the real estate trends of Kochi, which in many ways is a unique market and hence can predict the future with great accuracy. So those who want to invest in real estate can entrust their investment with us and rest with peace of mind".

The committed team behind Maxland Kerala will give the customers personalised assistance whether they need to buy real estate or sell it. Their professionals will be in close contact with the customers and update them on new available property or of new and better offers. As mentioned before their USP is that the customers are never charged any brokerage fees. This assistance that is provided will extend to rental properties, commercial properties, villas, apartments and also for plots. Their real estate consultants will coordinate the visits of the property in question as well. The legal formalities and documents are the crux of any real estate deal and they have to be in order for any deal to be completed without any future issues. Maxland also provides the legal agreement and relevant advice when it is solicited.

Brammaandam Shankar, one of their real estate consultants sums up the intent of the firm by saying "Kochi is called the 'Queen of the Arabian Sea' and it is a place that is a dream destination for every Malayali. We will strive to make it easy for our customers to own a home in Kochi. Dealing in real estate will definitely be a stress free process when it is done with the help of our experienced team".
