

Central Virginia Home Inspections Announces Support For Wounded Warrior Project

Richmond based Home Inspection company supports Wounded Warrior Project.

Richmond, VA, United States of America October 4, 2015 (FPRC) --

"Central Virginia Home Inspections is proud to support our nation's military veterans, and we are honored to recognize a deserving organization" said company President Perry Lombard. "It's a small way to honor the bravery and service of those soldiers who sacrifice so much for our country, and it is a privilege for us to have an affiliation with Wounded Warrior Project."

Perry further states that "Our company will donate a portion of our profits from each home inspection. to the Wounded Warrior Project (WWP)"

About Central Virginia Home Inspections;

Based in Richmond, va., Central Virginia Home Inspections is a home inspection company focused on providing high-quality home inspection services to buyers, sellers, and real estate professionals throughout the Richmond Metropolitan area, as well as Central Virginia. With our comprehensive home inspection and reporting process, the mission of each of our home inspector professionals is to assist all of our clients in making an informed decision regarding the property they are considering selling or purchasing.

We offer a variety of residential home inspection services from General Home Inspections, to Environmental Testing and Sampling. Through our professional, comprehensive reporting and ancillary services (RADON, Mold), we bring a consultative approach to the inspection process, realizing that each clients needs are unique and important to their understanding of their purchase decision. We encourage you as a buyer or seller to be present at the home inspection so any questions or concerns they may have can be fully addressed by our professionally trained and experienced inspector at the time of the inspection. Inspection reports are available by e-mail, online, or can be printed on site if requested at time of ordering the inspection, providing you the convenience of same day reporting if needed.
