

## **DJkit Kick Starts Black Friday in Style with Outstanding Deals on Hundreds of Products**

*Strictly Limited Quantity Deals Up For Grabs Over Black Friday Weekend and Cyber Monday from Britain's Best in Pro DJ Hardware*

November 27, 2015 (FPRC) -- The UK's leading retailer of elite-quality DJ equipment and performance hardware is delighted to announce its biggest Black Friday bargain-bonanza to date. Throughout the weekend and into Cyber Monday, DJkit is slashing the prices of literally hundreds of incredible items, spanning the entire DJkit online store. Rather than simply throwing a few products into its Black Friday range, extraordinary discounts are being offered on most items across the DJkit catalogue.

However, many of the items up for grabs are available in strictly limited numbers only, so buyers are advised to check out what's on offer as early as possible. All deals are live right now and will continue until midnight on Monday November 30, after which all prices and deals will return to normal.

### Store-Wide Savings

"Make the most of the Black Friday / Cyber Monday Shopping Weekend and grab a bargain on most of the items on our website. If you can't find the price you want call us on 01635 780002 and we will try and offer you a great price. Some items are strictly limited to the quantity we hold in stock so when they're gone they are gone!" - DJkit

In order to bring the most fantastic deals to as many customers as possible, DJkit is including almost every one of its most popular products in this weekend's Black Friday extravaganza. From the latest Serato DJ Controllers to high-performance monitors to industry-leading software and more, literally everything the professional DJ could wish for this Christmas is up for grabs at a bargain price.

Just a selection of the deals available (while stocks last) include:

- Numark NV Serato DJ Controller with High-Resolution Colour Display – was £489.00 now £464.55
- Ableton PushMidi Controller for Ableton Live 9 - was £299.00 now £269.10
