

## **247 Plumbers Essex Launches Website to Bring Plumbing Services to Locals Around the Clock**

*The company announces the launch of a brand new service that's set to transform the local plumbing industry.*

April 26, 2016 (FPRC) --

247 Plumbers Essex, established in 2015, is now offering an around-the-clock plumbing service to residents throughout Chelmsford, Brentwood, Romford and beyond.

The company launched its new website last year and is now in a position to service all locations in Essex.

Unlike many other local companies, the team at 247 Plumbers will be contactable any time of day or night to deliver responsive solutions when homeowners and business owners need them the most.

Callers can expect to be put through to a friendly, experienced advisor, who will then allocate an engineer to the job depending on the nature and location of the project.

Quotes are free, and the company will not charge a call-out fee, making them one of the most cost-effective plumbing providers in the region.

The engineers at 247 Plumbers Essex, all of whom are Gas Safe registered, can deliver a wide range of plumbing solutions, including installing, repairing and servicing boilers and central heating systems. Ever confident in the quality of its craftsmanship, the firm also offers a twelve month guarantee on all new plumbing work for the customer's peace of mind, and additional five to ten year guarantees on new boilers.

For more information, including prices and areas covered, please visit the website.

-END-

247 Plumbers Essex is a local plumbing company offering exceptional value to domestic and commercial customers in the county. The skilled engineers at the firm offer a 24 hour response to all Essex locations, fixing all manner of plumbing problems, come rain or shine.
