

Promotor Rent a Car Romania Announces Extras for Safety and Convenience

Bucharest, Romania – July 27, 2016 – Promotor Rent a Car announced that the company is offering a variety of premium rental options upon request when consumers select the firm for their vehicle rental needs.

Bucharest, Romania – July 27, 2016 (FPRC) -- Promotor Rent a Car announced that the company is offering a variety of premium rental options upon request when consumers select the firm for their vehicle rental needs. The equipment and service rentals offer an extra level of convenience and safety for individuals on the go and the firm will beat lower rates from other vehicle rental companies.

The vehicle rental agency offers rental extras that include easy to use GPS navigation systems, skid chains for tires, and child safety seats for infants and youngsters up to age 11. Customers can prepay a full tank of gas to save time and money and an additional driver can be added to the rental contract. To keep clients connected, individuals can rent a vehicle that contains USB Internet access with unlimited traffic.

The registered car rental service delivers vehicles to customers and prices contain no hidden fees or charges. Short- and long-term rentals are available and individuals can participate in discount and loyalty programs, special offers, and low rates for extra value.

Promotor Rent a Car offers professional chauffeur and transfer services to airports and other locales throughout Romania. The company provides intercity and airport transfers, along with luxury limo rentals. Bus and mini-bus rentals are available for larger groups that need to be transported safely, efficiently and comfortably.

The agency offers a wide range of vehicles to meet any need. Clients can choose from smaller models designed for fuel economy and those equipped for luxury. Consumers can select large vans for work tasks of all types and stylishly designed passenger vans for transporting large groups for any outing.

While most customers seek the services of Promotor Rent a Car for short-term rentals, many individuals are opting for long-term rentals that can provide considerable savings. The company also provides affordable long-term rentals that can be a particularly effective alternative to the expense of maintaining a corporate fleet.

Promotor Rent a Car provides a wide range of vehicles to accommodate any need, and the company's optional rental equipment and services are designed with the customer's convenience, comfort, and safety in mind. The firm's loyalty, reward and discount options makes renting a vehicle easy and affordable, and the agency will beat lower rental rates from competing businesses.
