

SimulationExams.com Revises CCNA™ Security Practice Exams

SimulationExams.com, a leading practice tests provider, recently released CCNA Security exam simulator, consisting of 250+ questions with detailed answers.

October 3, 2016 (FPRC) -- SimulationExams.com has recently revised Cisco Certified Network Associate Security, CCNA™ Security Practice Exam according to the latest exam objectives. The practice tests consist of 250+ questions with detailed answers. The question types offered by the simulator include Multiple Choice Single Answer (SA), Multiple Choice Multi Answer (MA), Drag and Drop (DnD), and testlets. Router simulations will be added soon. Upgrades are free for one year from the date of purchase.

The CCNA Security (210-260) Cert simulator mimics the actual exam with similar difficulty level, and exam environment. Further, the test engine offers two modes: Learn mode, and Exam mode. Learn mode is useful for candidates to step through the questions and learn the concepts behind each question. Exam mode is useful for candidates preparing for final exam preparation.

The CCNA Security 210-260 practice exam objectives include the following:

- 1.0 Security Concepts
- 2.0 Secure Access
- 3.0 VPN
- 4.0 Secure Routing and Switching
- 5.0 Cisco Firewall Technologies
- 6.0 IPS
- 7.0 Content and Endpoint Security

Category wise scoring is available, and candidates will be able to repeat the exam with bookmarked questions.

Free CCNA Security Questions are available.

About CCNA Security Cert : Cisco CCNA 210 260 Security is among the most widely recognised certifications in the field of computer network security using routers and switches. The certification exam is offered by Cisco® Systems. CCNA Security candidates will be able to configure and harden networks for small and large organizations.

Prerequisites: A valid CCENT or a valid CCNA Routing and Switching or any CCIE certification can act as a prerequisite. Other practice tests available from CertExams include CCNA, CCENT, CCDA, CCNP, ICND2, A+ Essentials, and Network+. Please visit the website for complete list of available practice tests.
