

SmoothRx Scar Removal Cream Celebrates Anniversary With Updated Vision Statement

SmoothRx, the maker of the top-selling acne scar removal cream, announced that a new vision statement for this popular cream.

SmoothRx, the maker of the top-selling acne scar removal cream, announced that a new vision statement for this popular cream. Miami, FL, United States - February 17, 2017 /PressCable/ --

This month, it has been two years since SmoothRx launched their popular acne scar removal cream. In order to help their customers better understand the vision and direction of the company, this week SmoothRx announced that a new vision statement is in development for their acne scar removal cream. Within the updated statement, SmoothRx wants to acknowledge how much customers have meant to the company's success.

"We are a relatively new company with a product in an area that is very competitive. We are grateful for our customers and their loyalty to our company and our product," stated SmoothRx spokesperson Ashley Royal. "Our hope is that a new vision statement will both communicate our goals for the future for our product, and make customers know how much they mean to us."

The SmoothRx scar removal cream is made of the highest quality ingredients that are all-natural and gentle enough for daily use. Some of the ingredients include aloe, organic oregano oil, cocoa butter, shea butter, rose hip seed oil, mango butter, and grapefruit seed extract. The combination of ingredients form cream with a mild, pleasant smell that improves the elasticity of the skin while it moisturizes, which can help prevent new stretch marks and scars from forming.

An enthusiastic, verified purchaser wrote a five-star review that said "I have tried every acne related product out there but omg, in 1 week my skin has gotten clearer and my acne scars, although not as bad as some, definitely bothered me! I recently had surgery and have a pretty significant scar, so I've started on the scar there as well.

As far as my face goes, I have had quite a bit of adult acne(oily skin) recently mostly around my jaw line. After washing my face, I use this cream lightly as a moisturizer and realize, that for some reason, it's made my face less oily without drying it out! Give this a try.....I'm so happy I took a chance!!"

The SmoothRx acne scar removal cream can be purchased exclusively on Amazon.com and is currently priced at \$19.95 for a four-ounce bottle. Any order over \$49 will ship at no cost. A satisfaction guarantee is offered to all customers that if they are not entirely satisfied with their scar removal cream, the unused portion can be returned for a full refund.

About SmoothRx: "SmoothRx makes premium scar creams for stretch mark removal, acne scar removal, fine line removal, spider vein removal, and general scar removal. Made in the United States, we only use premium natural ingredients such as orange oil, grapefruit seed extract, shea butter, cocoa butter, and more. We sell primarily on amazon.com and hope to improve the lives of those who are troubled with scars and other cosmetic hindrances."
