

Maxxlife Financial, Inc. is Now Offering New Medical, Travel and Life Insurance Plans

Maxxlife Financial is happy introduce their new Life Insurance, Super Visa Insurance, and Snowbird Travel Insurance.

March 2, 2017 (FPRC) -- Maxxlife Financial, Inc, a broker company offering insurance plans and products, has recently started offering new medical, travel and life insurance plans. The company is a one-stop shop for insurance needs and offers plans from a number of different companies. Maxxlife focuses on exceptional customer service and working with their clients to find the best rates and insurances to meet their needs.

Canada's Super Visa program allows eligible parents and grandparents to visit family in the country for up to two years without the need to renew their status. However, one of the requirements is that each person traveling on a Super Visa have a minimum of \$100,000 in medical insurance coverage in effect before the visa is issued because visitors to Canada are not covered under provincial health insurance plans.

Maxxlife Financial now offers Super Visa Medical Insurance plans including options for those with and without pre-existing medical conditions and more comprehensive plans that provide coverage for pre-existing medical conditions including routine annual check-ups. If for some reason, the Super Visa is denied, clients are provided a 100 percent refund of their premium.

Maxxlife Financial's new Snowbird Travel Insurance covers snowbirds and seniors planning to leave the frigid cold and snow of Canada behind for the winter and seek out warmer climates. The company offers this affordable travel insurance on a daily or yearly basis and anywhere in between. Plans cover medical care and trip cancellation and interruption as well as 24 hour seven days a week emergency assistance services.

"We are pleased to offer these new insurance products that will help support and protect our client's interests," says CEO of Maxxlife Financial, Inc. "Because of our affordable and diverse insurance options and commitment to customer service, Maxxlife Financial is one of Canada's leading insurance providers."

Maxxlife Financial is also now offering a range of life insurance plans. Life insurance is important to help a client's loved ones pay for funeral and associated costs, take care of outstanding debts, and even provide financial support after death. The kind of life insurance a client needs is determined by age, health, salary, debt, and other factors. Plans vary from term-life, non-medical life, permanent life, and universal life insurance. Maxxlife will help clients explore the options to make the best choices available.
