

Advanced Auto Center Announces Opening of New Auto Restoration Center in Phoenix

Advanced Auto Center in Phoenix, Arizona announces the opening of a new automotive repair and restoration center to help consumers restore wrecked or used cars, trucks and vans.

Advanced Auto Center in Phoenix, Arizona announces the opening of a new automotive repair and restoration center to help consumers restore wrecked or used cars, trucks and vans. Phoenix, United States - March 14, 2017 /PressCable/ -- It's no secret that most car owners love their cars; people take pride in their cars, striving to keep them looking and running great for years to come. However, every vehicle is prone to wear and tear. Car owners, however, do not have to worry; Advanced Auto Center, a new auto restoration center opening in Phoenix, is keen on keeping people's car looking forever young.

"Auto restoration is the process in which a vehicle is repaired to its authentic condition", explained Tim Stevenson, founder and CEO of Advanced Auto Center. "The older your vehicle is, the more likely it is that it has suffered some damage. If you love your car, you should treat it as such, which is why restoring your car is the perfect investment, no matter which model or make you drive."

Advanced Auto Center is well-renowned for offering a wide array of auto restoration options to fit the most difficult customers' need. The business is proud of providing the highest level of customer service and the fastest auto restoration service. Advanced Auto Center is renown for tackling the toughest issues, including wrecked and defaced vehicles that would otherwise be scrapped.

Although Advanced Auto Center have a great team of experts who have deep knowledge of an automobile, each one of specializes in the major system problems that can arise from everyday wear and tear: Engine issues that could be causing knocking or pinging sounds, drive train problems that can cause that famous shake, transmission issues that can lead to shift issues, exhaust system problems which usually accompanies black exhaust smoke emissions from the exhaust pipe, brake problems, air conditioning issues, cooling system problems that lead to overheating, fuel injection system issues, electrical system problems and on-board computer issues that can lead to bad vehicle performance.

Advanced Auto Center team concluded, "Cars are like family; therefore, we treat them as such. If you have been in an accident, or have spent years driving the same car everyday and needs some repair and rejuvenation, Advanced Auto Center is here to help. Advanced Auto Center can restore any automobile in Phoenix, Arizona to mint condition. Consumers can call for a quote on auto restoration parts and services."
