Sweetener Market, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market. March 15, 2017 /MarketersMedia/ -- Sugar, a soluble carbohydrate, is the most common natural sweetener. It is high in calories and is therefore also known as a nutritive sweetener. High-fructose corn syrup (HFCS) is another natural nutritive sweetener. The high-calorie content in these sweeteners makes them unappealing to the increasingly health-conscious populace, fueling the demand for low-calorie sweeteners.

Publisher's analysts forecast the global sweetener market to grow at a CAGR of 4.78% during the period 2016-2020.
