Wiseguyreports.Com Publish New Market Research Report On-"Automotive Human Machine Interface 2017 Global Market Expected to Grow at CAGR Of 7.59% and Forecast To 2022".Pune, India - March 15, 2017 /MarketersMedia/ -- Automotive Human Machine Interface Market 2017
The analysts forecast the global automotive human machine interface market to grow at a CAGR of 7.59% during the period 2016-2020.

About Automotive Human Machine Interface

Automotive HMI systems are used to manage diverse vehicle and infotainment features. These systems are efficient in warning the drivers regarding upcoming problems on the road or within the vehicle. Additionally, they provide improved comfort and assistance to drivers. These systems can actively stabilize vehicles, thereby reducing the workload on the engine. As a result, the automotive industry is progressively witnessing the adoption of HMI systems.

Covered in this report

The report covers the present scenario and the growth prospects of the global automotive human machine interface market for 2016-2020. To calculate the market size, the report includes the entire range of the automotive HMI systems available in the market.

The market is divided into the following segments based on geography:

- o Americas
- o APAC
- o EMEA

The report, Global Automotive Human Machine Interface Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- o Alpine Electronics
- o Continental
- o Delphi
- o Denso
- o Valeo

Other prominent vendors

- o Airbiquity Inc.
- o Clarion Co. Ltd.
- o Magneti Marelli
- o Tata Elxsi

Market driver

- o High co-relation between consumer electronics and HMI systems with components providing economies of scale.

o For a full, detailed list, view our report

Market challenge

o Design complexity and standardization of HMI systems.

Key questions answered in this report

o What will the market size be in 2020 and what will the growth rate be?

o What are the key market trends?

o What is driving this market?

o What are the challenges to market growth?

o Who are the key vendors in this market space?

o What are the market opportunities and threats faced by the key vendors?

o What are the strengths and weaknesses of the key vendors?

Table of Contents

PART 01: Executive summary

o Highlights

PART 02: Scope of the report

o Market overview

o Report coverage

o Top-vendor offerings

PART 03: Market research methodology

o Research methodology

o Economic indicators

PART 04: Introduction

o Key market highlights

o Functional components of automotive HMI system

o Automotive human machine interface: market dynamics

o Value chain analysis

PART 05: Market landscape

o Market overview

o Automotive HMI development process

o Market size and forecast

o Five forces analysis

PART 06: Market segmentation by category

o Global automotive HMI market segmentation by category

o Global automotive HMI market by hardware

o Global automotive HMI market by software and services

PART 07: Geographical segmentation

o Segmentation of automotive HMI market by geography

o Automotive HMI market in Americas

o Automotive HMI market in EMEA

o Automotive HMI market in APAC

PART 08: Key leading countries

o Key leading countries for automotive HMI market

PART 09: Market drivers

PART 10: Market challenges

PART 11: Market trends
