

Rare Earth Metals 2015 Global Market Expected To Grow At CAGR 10.19% And Forecast To 2019

WiseGuyReports.Com Publish a New Market Research Report On - "Rare Earth Metals 2015 Global Market Expected to Grow at CAGR 10.19% and Forecast to 2019".

WiseGuyReports.Com Publish a New Market Research Report On - "Rare Earth Metals 2015 Global Market Expected to Grow at CAGR 10.19% and Forecast to 2019".Pune, India - March 15, 2017 /MarketersMedia/ --

The analysts forecast the global rare earth metals market to grow at a CAGR of 10.19% by demand volume over the period 2014-2019.

Rare earth metals have unique physical and chemical properties, which make them suitable to alloy with other metals for use in applications that require enhanced magnetic strength, high temperature resistance, and other properties. They are widely used in the manufacture of magnets for wind turbine generators and for the electrodes in metal hydride batteries. These metals are also used in various applications pertaining to catalytic converters, fluorescent lighting, and memory storage. Increased demand for high performance materials from automotive and renewable energy applications coupled with an expanding supplier base is driving the growth of this market.

Covered in this report

Technavio's report, Global Rare Earth Metals Market 2015-2019, has been prepared based on an in-depth market analysis with inputs from various industry experts. The report includes a comprehensive discussion of the market, an extensive coverage on different types of application segments, elements, and demand-supply dynamics in various geographies. The report provides comments on both the existing market landscape and its growth prospects over the forecast period. The report further includes a discussion of the key vendors operating in this market.

The report presents data on the following segments of the market:

- o Applications: permanent magnets, battery alloys, catalysts, polishing powder, phosphors, glass additives, ceramics, and others
- o Elements: Light rare earth metals and heavy rare earth metals
- o Geography: China, Rest of Asia, US, and others

Key vendors

- o Alkane
- o Arafura
- o Avalon
- o Canada Rare Earth
- o Molycorp

Other prominent vendors

- o China Rare Earth Holdings
- o Frontier Rare Earths
- o Greenland Minerals and Energy
- o Indian Rare Earths
- o Jiangxi Copper

- o Lynas
- o Montero Mining and Exploration
- o Namibia Rare Earths
- o Quest Rare Minerals
- o Rare Element Resources
- o Showa Denko
- o Ucore Rare Metals

Market drivers

- o Exorbitant deposits of rare earth oxides
- o For a full, detailed list, view our report

Market challenges

- o Unavailability of skilled professionals in the mining sector
- o For a full, detailed list, view our report

Market trends

- o Increasing number of rare earth metal exploration projects
- o For a full, detailed list, view our report

Key questions answered in this report

- o What will the market size be in 2019 and what will the growth rate be?
- o What are the various end-uses and potential applications for the product?
- o What are the key market trends?
- o What is driving this market?
- o What are the challenges to market growth?
- o Who are the key vendors in this market space and what is the nature of competition between them?
- o What are the market opportunities and threats faced by the key vendors?

Table Of Contents - Major Key Points

PART 01: Executive summary

Highlights

PART 02: Scope of the report

- o Market overview

PART 03: Market research methodology

- o Research methodology
- o Economic indicators

PART 04: Introduction

- o Key market highlights

PART 05: Market landscape

- o Market overview
- o Abundance and availability
- o Supply chain analysis
- o Market size and forecast by revenue
- o Market size and forecast by volume
- o Five forces analysis

PART 06: Segmentation by application

- o Segmentation of rare earth metals by application
- o Rare earth metals in permanent magnets
- o Rare earth metals in battery alloys
- o Rare earth metals in catalysts

- o Rare earth metals in polishing powders
- o Rare earth metals in phosphors
- o Rare earth metals in glass additives
- o Rare earth metals in ceramics
- o Other applications
- o Segmentation by element type
- o Segmentation by element type
- o Heavy REEs
- o Others

PART 07: Geographical segmentation

- o Geographical segmentation by consumption 2014
- o Geographical segmentation by production 2014
- o Geographical segmentation by reserves 2014
