

Graphitii Review Specializes In Creating High-Quality Cinemagraphs Without The Ability Of Photo Editing Software

Getting online viewers is not only having impressive contents, but it is also about attracting visual advertising. The realization of that concern leads to launch of Graphitii - a sort of software regarded as a potential tool for imaging advertisement of brands and higher ranking.

Getting online viewers is not only having impressive contents, but it is also about attracting visual advertising. The realization of that concern leads to launch of Graphitii - a sort of software regarded as a potential tool for imaging advertisement of brands and higher ranking. March 16, 2017 /MarketersMedia/ -- Everybody acknowledge that attention is the key to success. Therefore, they are overuse tons of photographs and video on newsfeed of everywhere surfer go; however, it all looked the same and lost in the feed. Nowadays, marketers have to grab people attention and instantly impress them just like some top leading brands such as Mercedes and Gucci's cinemagraphs. In order to increase the focus of customers into their products, these top ones utilized the power of cinemagraphs. Cinemagraphs stuck on people head by tweaking instincts that have stayed inside every audience since they used to go hunting woolly mammoths and sabre-tooth tigers. These cinemagraphs force the audience to look at them and then, once they grab that attention, they lock it down. This method sees the very positive results as it leads to the final buying decision from customers. Nevertheless, it is costly to make cinemagraphs. On average, a low-end Cinemagraph can charge \$50. Perceiving the highly efficient and the demand for creating a cinemagraphs creator comes the new product called Graphitii.

Graphitii soft is created by Joey Xoto, an experienced marketer who has been working in the online marketing field for many years. He knows exactly what kind of mess people usually have when they start doing online business. He has designed Graphitii to help marketing newbies save time and efforts in online sales only by using his marketing and video expertise.

Graphitii Soft is a web-based application that turns users' videos into a cinemagraph that converts. Graphitii specializes in creating high-quality cinemagraphs without the ability of photo editing software. The outcome can be thrilling, but the procedure is very simple.

- o Make Cinemagraphs Faster Than Ever: Graphitii lets anyone produce gorgeous, dynamic cinemagraphs with just a couple of simple clicks.

- o No complex software To Install with 100% Web-Based: Graphitii is completed web-based which means that there is no complex soft to install and can access projects anywhere even on mobile devices.

- o Transform bland Videos Into gorgeous Cinemagraphs: The software allows their users to upload their videos straight into the web app and create fully personalized cinemagraphs as their prefer.

- o No Technical Skills Required, No Outsourcing Necessary: Graphitii has been developed to be simple & easy to use. Meaning anybody, no matter what technical ability, can utilize Graphitii to create beautiful cinemagraphs. No need for expensive outsourcers also.

From the producer experiment, Graphitii brought some very positive results when using, with social media marketing is up by 34%, Facebook's engagement is up by 85% and Twitter's engagement up by 110%, organic blog reach is up by 71%, even email engagement has been boosted by a massive 72%.

Currently, the Graphitii Software team are offering a lifetime license for a such a small fee one-off fee with 5 related bonuses:

- o Viral Video Box: This plugin for WordPress allows branding audio and video players with preferred logo. Users can also include time stamp callouts such as optins, CTAs and other pop-ups.
- o Video Marketing Blueprint: With this, marketers can use videos to market their business and generate huge leads starting today without the need for video making or recording skills.
- o Youtube Video Mastery: Learn how to create compelling video content specifically for YouTube videos.
- o Smart Video Sales Letters: Learn to craft highly persuasive and compelling video sales letters.
- o Video Rank Alliance: Learn about the simple but powerful techniques to rank videos on YouTube quickly & easily.

To recap, using Graphitii app, now people can generate cinemagraphs that improve their blog's reach as well as increase their social media engagement, while reducing the expense of any running ads by half.
