

## **Boric Acid Market 2016 by Application, Revenue, Analysis and Forecast to 2020**

*Boric Acid Market, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.*

Boric Acid Market, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market. March 17, 2017 /MarketersMedia/ -- Boric acid is an odorless, nearly tasteless, and non-flammable compound. It is used as a minor antiseptic, anti-fungal agent, and insecticide for control of cockroaches, termites, fire ants, and fleas. It is also used in the manufacture of glass and fiberglass, halogen light bulbs, laboratory glassware and circuit boards, and in nuclear power plants to slow down the rate of the fission reaction.

Publisher's analysts forecast the global boric acid market to grow at a CAGR of 7.44% during the period 2016-2020.

Covered in this report

The report covers the present scenario and the growth prospects of the global boric acid market for 2016-2020. To calculate the market size, the report considers the revenue generated from the sale of boric acid in several industries including glass and fiberglass, pharmaceuticals and personal care products, flame retardants, wood preservatives and pest control, nutritional supplements, and other segments by considering 2015 as the base year.

The market is divided into the following segments based on geography:

-APAC

-Europe

-North America

-ROW

Publisher's report, Global Boric Acid Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

-3M

-Avantor Performance Materials

-BASF

-Borax

-Eti Maden

-Gujarat Boron Derivatives

Other prominent vendors

-Minera Santa Rita (MSR)

-Quiborax

- Russian Bor
  - Searles Valley Reserves
  - Sociedad Industrial Tierra
  - Societa Chimica Larderello (SCL)
  - Tomiyama Pure Chemical Industries
- Market driver
- Rising demand from fiberglass and other end-user segments.
  - For a full, detailed list, view our report
- Market challenge
- Toxicity and bioaccumulation potential of boric acid.
  - For a full, detailed list, view our report
- Market trend
- Production of boric acid from ulexite using trona.
