

## **NW Cedar Pros Launches Brand New Website**

*NW Cedar Pros, a fencing company in Vancouver, WA, has recently launched a new website. In conjunction with the launch, they have also started a number of social media channels, such as Facebook, as well as Yelp. Their digital marketing campaign is proving to effective.*

NW Cedar Pros, a fencing company in Vancouver, WA, has recently launched a new website. In conjunction with the launch, they have also started a number of social media channels, such as Facebook, as well as Yelp. Their digital marketing campaign is proving to effective. Vancouver, United States - March 17, 2017 /PressCable/ -- NW Cedar Pros, a popular fencing company in Vancouver, WA, has revealed that they have launched a brand new website, at <http://www.nwcedarpros.com/>. As part of their digital marketing campaign, they have listed the company with Yelp, as well as started their Facebook page. While having only recently gone live, the various channels are already attracting a lot of attention.

A representative from NW Cedar Pros says: "As a fencing company, we have always been a hands on company and relied mainly on word of mouth, and our good standing in the community. However, we have grown massively as of late, now covering Vancouver, Orchards, Hazel Dell, La Center, Woodland, Amboy, Battleground, Washougal, Camas, and Ridgefield. It became too big to manage without the use of more advanced technology. And we're so happy that we now have. The site looks great, and we're really happy to see that our customers love it, too."

The new website highlights the various services that the company offers and the areas that they cover. Their work includes fence maintenance, fence and gate repair, and new fence installment. Furthermore, the site highlights the fact that all employees of NW Cedar Pros are licensed, bonded, and insured. As their name suggests, the company always uses cedar in all of their woodwork, as this is the most premium wood for these types of applications.

The representative adds: "Whatever your fencing or gate needs are, NW Cedar Pros has the experience, craftsmanship and expert staff to get the job done right. We are proudly serving the Vancouver metro area with competitive prices, premium wood and professional designs. We guarantee that we will provide you with the service that you expect and deserve. There is no job that is too big or too small. Whether you are looking for a beautiful fence for your home or have repairs, we can help you create your version that you are looking for. Our job is to meet your needs, not the other way around."

Those who have worked with the company in the past, before the launch of their new website, have been very pleased with the results. As part of the new website, NW Cedar Pros has added some of those testimonials to the site. Susan R., for instance, says: "Whoever says chivalry doesn't exist has never met Ike Reed from NW Cedar Pros. My elderly mother fell so I went looking on Home Advisor to have a railing built for her to hold onto. Ike was there the next day and had it completed in just a few hours, for a price that I could afford. Words can't express my happiness and gratitude for Ike and his helper Jesse, for doing such a wonderful job in such a professional, courteous and compassionate way."

Those interested are encouraged to check out the new website and the various additional channels the company has launched to learn more, or use the contact details below, or the form on their website, for further information.

Contact Info: Name: Ike Reed Email: [nwcedarpros@comcast.net](mailto:nwcedarpros@comcast.net) Organization: NW Cedar Pros Address: 13316 Northeast 50th Way, Vancouver, WA 98682, United States Phone: +1-360-593-6700 For more information, please visit <http://www.nwcedarpros.com/> Source:
