In crowded areas, illegal parking can cause serious inconveniences to vehicle owners who cannot access their parking spots, and it often perturbs the overall traffic flow. From blocking driveways to violating reserved parking spots, illegal parking can cause both time and financial losses.

There has been some public debate regarding both illegal parking and private property towing in Ogden. 2016 regulations have contributed to clarifying the context in which illegally parked vehicles can be towed, requiring conspicuous no-parking signs placed at the entrance of each side of the parking area where towing will occur, as well as requiring towing companies to provide time-stamped digital photo or video evidence documenting the time and place where the parking violation occurred.

Ogden Tow is a professional Ogden towing company providing a wide range of services. The company has updated its private property towing services following recent legislation updates, providing both impound and mediation services.

The company provides immediate assistance in a variety of illegal parking situations, including private parking violation, blocked driveways and others.

Ogden Tow strives to facilitate communication between the two parties, providing ample video and photo evidence to the owners whose vehicle has been impounded, as well as informing them of all further legal requirements and procedures. The company works with local attorneys to stay up-to-date with the latest local and federal regulations, in an effort to provide safe, reliable and legal services.

The Ogden towing company also provides a variety of other services, including roadside assistance, emergency towing, long distance towing, auto repair services and many others. The company works exclusively with licensed and insured professionals.
