

Tent World's Pluto Green Now Available in the UK

Tent World's Pluto Green tent has launched in the UK.

March 24, 2017 (FPRC) -- Tent World today launched its Pluto Green Park tent in the United Kingdom. This is an outdoor tent that's built for use by toddlers and small children. The tent provides a convenient shade from adverse weather conditions such as rain, scorching sun, and wind while kids are playing outdoor. The company has said that Pluto Green park is an excellent accessory for parents who are looking to carry their kids along to the beach.

Tent World is an emerging brand that manufactures outdoor shelters. Launched back in 2015, the company has furnished the market with over a dozen different tents in a time span of just two years. Each of the firm's tents is named after a planet in the solar system. For instance, the largest tent in the line-up is named 'The Sun' (because the sun is the largest body in the solar system) while the smallest is named 'Pluto'. The Sun tent is large enough to accommodate a group of friends (or a small family), while the Pluto tent is so small that it can only be used by kids.

The Pluto tent is available in a variety of colors and designs, including the Pluto Green park, the Pluto Blue, the Pluto Pink and the Pluto Purple tents. Each of these tents ships with a coloring guide to keep kids occupied while at the shelter, and are designed to appeal to children. The availability of a variety of colors means that parents can choose a tent that corresponds with their child's favorite color.

Already, Tent World has launched other variations of the Pluto tent in the UK market.

Availability of Pluto Green means that consumers now have a wider variety to choose from. In addition to having a rich green color, this product also sports an instant pop-up mechanism. This means it can be set up for use, or folded down after use, within a matter of seconds. According to Tent World, the tent is an excellent accessory for parents who are looking to take their kids along while going on outdoor excursions at the beach, at a public park, at a private garden, and other outdoor settings.

Ann Spencer, the ranking manager at Tent World, said, "Our new Pluto Green beach tent for children is now available in the United Kingdom. This is a classic tent that caters for the needs of toddlers while at the beach and other outdoor locations. The tent provides a shade for rain, the sun and the wind. It comes with a coloring guide to keep kids entertained, and a few other kids' friendly amenities. Our customers within the UK can get this provide via Amazon UK."
