

Non-GMO Animal Feed 2017 Global Market Expected to Grow at CAGR 7.47% and Forecast to 2021

WiseGuyReports.Com Publish a New Market Research Report On - "Non-GMO Animal Feed 2017 Global Market Expected to Grow at CAGR 7.47% and Forecast to 2021".

WiseGuyReports.Com Publish a New Market Research Report On - "Non-GMO Animal Feed 2017 Global Market Expected to Grow at CAGR 7.47% and Forecast to 2021".Pune, India - April 13, 2017 /MarketersMedia/ -- The analysts forecast the global non-GMO animal feed market to grow at a CAGR of 7.47% during the period 2017-2021.

The global animal feed market is expected to grow at a stable pace during the forecast period. The increasing awareness of the health benefits of animal feed is driving this market. Also, the increased per capita consumption of meat at a global scale, mostly because of the increase in the overall population, is contributing to the demand for animal feed. The market is also witnessing an increasing demand for feed enzymes. However, the irregular inspection by regulatory authorities of the mixing of feed by farmers acts as the major challenge for the market's growth.

Covered in this report

The report covers the present scenario and the growth prospects of the global non-GMO animal feed market for 2017-2021. To calculate the market size, the report considers market segmentation based on the ingredients that are used to produce feed products, livestock category, and distribution channel.

The market is divided into the following segments based on geography:

- o Americas
- o APAC
- o Europe
- o MEA

The report, Global Non-GMO Animal Feed Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- o Canadian Organic Feeds
- o Hiland Naturals
- o Scratch and Peck Feeds
- o SunOpta
- o Texas Natural Feeds
- o Zeeland Farm Services

Other prominent vendors

- o ADDCON
- o Adisseo
- o Albion Laboratories
- o Aliphos

- o Archer Daniels Midland
- o Baileys Horse Feeds
- o BASF
- o BRETTYOUNG
- o BRF
- o C.P. Pokphand
- o East Hope Group
- o Elanco
- o Evonik
- o Global Animal Products
- o Hunan Tangrenshen Group
- o J. Grennan & Sons
- o Land O'Lakes
- o New Hope Group
- o NWF Agriculture
- o Phibro Animal Health
- o Premex
- o Priya Chemicals
- o QualiTech
- o Ridley
- o Suboneyo Chemicals Pharmaceuticals
- o VAMSO BIOTEC
- o Vetco (India)
- o Wuhan Pharma Chemical
- o ZEN-NOH

Market driver

- o Government restrictions on GMO crop cultivations in regions like EU.
- o For a full, detailed list, view our report

Market challenge

- o Increasing production of GM crops to meet global food demand.
- o For a full, detailed list, view our report

Market trend

- o Advancements in testing methods for non-GMO labels.
- o For a full, detailed list, view our report

Key questions answered in this report

- o What will the market size be in 2021 and what will the growth rate be?
- o What are the key market trends?
- o What is driving this market?
- o What are the challenges to market growth?
- o Who are the key vendors in this market space?
- o What are the market opportunities and threats faced by the key vendors?
- o What are the strengths and weaknesses of the key vendors?
