

Heat Exchanger 2017 Global Market Expected to Grow at CAGR 6.46% and Forecast to 2021

WiseGuyReports.Com Publish a New Market Research Report On - "Heat Exchanger 2017 Global Market Expected to Grow at CAGR 6.46% and Forecast to 2021".

WiseGuyReports.Com Publish a New Market Research Report On - "Heat Exchanger 2017 Global Market Expected to Grow at CAGR 6.46% and Forecast to 2021".Pune, India - April 13, 2017 /MarketersMedia/ -- The analysts forecast the global heat exchanger market to grow at a CAGR of 6.46% during the period 2017-2021.

A heat exchanger is a mechanical device that transfers thermal energy from one medium to another. The media are generally separated by a partition to avoid contact between each other. They incorporate fins or corrugations to increase the surface area for enhancing the heat exchange process. Heat exchangers are widely used in industrial applications such as refrigeration, air conditioning, sewage treatment, and natural gas processing. The classic internal combustion engine is the best example of a heat exchange. The engine coolant flows in a circular motion through the radiator coils and air flows past these coils to cool the engine.

Covered in this report

The report covers the present scenario and the growth prospects of the global heat exchanger market for 2017-2021. To calculate the market size, the report presents the vendor landscape and a corresponding detailed analysis of the top five vendors in the global heat exchanger market.

The market is divided into the following segments based on geography:

- o Americas
- o APAC
- o EMEA

The report, Global Heat Exchanger Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- o Alfa Laval
- o Doosan Heavy Industries & Construction
- o Kelvion
- o SPX FLOW
- o Xylem

Other prominent vendors

- o Shanghai Liancheng
- o FUNKE Wärmeaustauscher Apparatebau
- o HISAKA WORKS
- o IHI Corporation
- o The Japan Steel Works
- o Larsen & Toubro
- o Lanzhou LS Heat Exchange Equipment

- o Ormandy Group
- o THT Heat Transfer Technology
- o Dover
- o Thermowave

Market driver

- o Augmentation of coal capacities and revival of nuclear power plants in Japan.
- o For a full, detailed list, view our report

Market challenge

- o Unpredictability in oil and gas prices.
- o For a full, detailed list, view our report

Market trend

- o Growth in petrochemical and chemical industry in India.
- o For a full, detailed list, view our report

Key questions answered in this report

- o What will the market size be in 2021 and what will the growth rate be?
- o What are the key market trends?
- o What is driving this market?
- o What are the challenges to market growth?
- o Who are the key vendors in this market space?
- o What are the market opportunities and threats faced by the key vendors?
- o What are the strengths and weaknesses of the key vendors?

Table Of Contents - Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- o Key market highlights

PART 05: Market landscape

- o Market overview

- o Market size and forecast

- o Five forces analysis

- o Market segmentation by product

- o Market overview

- o Global shell and tube heat exchangers market

- o Global plate and frame heat exchangers market

- o Global air cooler heat exchanger market

- o Global cooling tower heat exchanger market

PART 06: Market segmentation by end-user

- o Market overview

- o Global heat exchangers market by chemical industry

- o Global heat exchangers market by HVAC

- o Global heat exchangers market by fuel processing

- o Global heat exchangers market by power industry

- o Global heat exchangers market by food and beverage

PART 07: Geographical segmentation

- o Market overview

- o APAC

o EMEA

o Americas

PART 08: Market drivers

o Augmentation of coal capacities and revival of nuclear power plants in Japan

o Growing market for meat and poultry processing

o Amplified demand for water and wastewater industry

o Increase in CCGT power plants
