Global Flooring Market Information by Material (Carpets, Tiles, Vinyl & Rubber, Wood & Other), by Type (Soft covering, Resilient, Non-resilient & others), Application (Healthcare, Education, Hospitality, Retail and Sports) and by Region - Forecast to 2022 Pune, India - April 14, 2017 /MarketersMedia/ -- Market Research Future published a half cooked research report on global flooring market. The global flooring market is expected to grow over the CAGR of around 5% during the period 2016 to 2022.

Market Highlights:

Flooring is the permanent covering of a floor. Rising preference for sustainable building techniques drives the growth of the flooring market. Growing focus on innovative flooring that is also durable is fueling this growth. High demand from hospitality sector is the major factor contributing to the growth of the market. Various countries such as Australia, Saudi Arabia, and Dubai are making huge investments on tourism ultimately increasing the number of resorts and hotels. The growth of global flooring market may be hindered by flooring waste disposal and the rising price of raw materials as well as it may be hindered by complexities of transportation.
