North America has dominated the plasterboard market. Asia-Pacific is expected to become fastest growing market for plasterboard. Emerging countries like China and India region has recently seen the increasing construction industries; demand for sustainable development in the populated area is estimated to drive the market for plasterboard market.

Scope of the report

This study provides an overview of the global plasterboard industry, tracking market segments across the categorized four geographic regions. The report provides a five-year forecast for the market size in terms of value for North America, Europe, Asia-Pacific, and Rest of the world. The scope of the study segments the global Plasterboard market based on type, edge-type, and application.

Rise in building and construction industries, limited and no recycling availability of construction material and various government initiatives for eco-friendly environment acts as a major driving factor for the growth of plasterboard market. Residential application contributes highest to the

market due to the rising per capita income of the individuals.

Taste the market data and market information presented through more than 40 market data tables and figures spread over 100 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "Global Plasterboard Market Research Report - Forecast to 2022"

Study Objectives of Global Plasterboard Market

- o To provide detailed analysis of the market structure along with forecast for the next five years of various segments and sub-segments of the global Plasterboard market
- o To provide insights about factors affecting the market growth
- o To analyze the global Plasterboard market based on various factors such as supply chain analysis, and Porter's five forces analysis
- o To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries - North America, Europe, Asia-Pacific, and ROW.
- o To provide country level analysis of the market with respect to the current market size and future prospective
- o To provide country level analysis of the market for segment by type, edge type, application and region
- o To provide strategic profiling of the key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- o To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the global Plasterboard market

Market Segmentation

Segmentation by Types

- o Insulated
- o Damp Proof
- o Moisture Resistant
- o Sound Insulation
- o Fire Resistant

Segmentation by Edge Type

- o Tapered
- o Rounded
- o Square-Edge

Segmentation by Application

- o Residential
- o Non-Residential

The report for Global Plasterboard Market of Market Research Future comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance.
