

## **Global Optical Lens Material Market Analysis and Forecast 2021 by Type (Soft Lens, Gas Permeable Lens) and Material**

*Premium Market Research Report on "Global Optical Lens Material Market: Analysis By Type (Soft Lens, Gas Permeable Lens), By Material (Silicone hydrogel, Fluoro-Silicone Acrylate, Hydrogel, PMMA), By Region, By Country (2016-2021)" is available on Orbis Research.*

Premium Market Research Report on "Global Optical Lens Material Market: Analysis By Type (Soft Lens, Gas Permeable Lens), By Material (Silicone hydrogel, Fluoro-Silicone Acrylate, Hydrogel, PMMA), By Region, By Country (2016-2021)" is available on Orbis Research. Dallas, United States - April 14, 2017 /MarketersMedia/ -- A comprehensive research report created through extensive primary research (inputs from industry experts, companies, stakeholders) and secondary research, the report aims to present the analysis of Global Optical Lens Material Market on the basis of Analysis (By Type - Soft contact lens, Gas Permeable lens); By Material (Silicone Hydrogel, Hydrogel, Fluoro-silicone Acrylate, PMMA); By Region (North America, Europe, APAC, RoW); By Country (U.S., Canada, U.K., Germany, China, Japan, India, Brazil, U.A.E.).

Global increase in vision problem due to excessive use of smart gadgets has led to the growth of Optical lens material market. Because of changing lifestyle and awareness, majority people are going for the better quality contact lens which is overall promoting the rising sales in new advanced contact lens material.

Market for Optical lens material is growing steadily on account of the growing old age population suffering from refractive errors. Today the eye problem is also very common in young age people which prefer for better quality contact lenses. Therefore, leading contact lens manufacturers are growing their market both in developed and developing countries which is leading the growth in material market.

According to Azoth Analytics research report, "Global Optical Lens Material Market: Analysis By Type (Soft Lens, Gas Permeable Lens), By Material (Silicone hydrogel, Fluoro-Silicone Acrylate, Hydrogel, PMMA), By Region, By Country (2016-2021) - By Region (North America, Europe, APAC, ROW); By Country (U.S., Canada, Germany, U.K., China, India, Japan, Brazil, U.A.E)", Global Optical Lens Material market is projected to exhibit a CAGR of 7.76% during 2016 - 2021. On the basis of market segment, Global Optical Lens Market has been segmented on (By Types: Soft Contact Lens, Gas Permeable Contact Lens; By Material: Silicone Hydrogel, Fluoro-silicone acrylate, PMMA; By Region: North America, Europe, APAC, and ROW; By Country: U.S., Canada, U.K., Germany, China, Japan, India, Brazil, U.A.E.).

Among the segments, market is expected to be driven by Silicone Hydrogel soft contact lens both in developed and developing countries on account of more oxygen permeability which provide more comfort and ease to adjust. The gas permeable lens material, Fluoro-silicone acrylate is also growing due to its vision clarity especially for the people having astigmatism, presbyopia and other refractive errors. The wide use of scleral lens will promote the growth in Gas Permeable market in the future. North America region remains the major market among all the regions. In the forecast

period, European region will witness strong growth driven by the countries such as U.K. and Germany.

The report titled, "Global Optical Lens Material Market: Analysis By Type (Soft Lens, Gas Permeable Lens), By Material (Silicone hydrogel, Fluoro-Silicone Acrylate, Hydrogel, PMMA), By Region, By Country (2016-2021) - By Region (North America, Europe, APAC, ROW); By Country (U.S., Canada, Germany, U.K., China, India, Japan, Brazil, U.A.E)", has covered and analysed the potential of Global optical lens material Market and provides statistics and information on market size, shares and growth factors. The report intends to provide cutting-edge market intelligence and help decision makers take sound investment evaluation. Besides, the report also identifies and analyses the emerging trends along with major drivers, challenges and opportunities in the global market. Additionally, the report also highlights market entry strategies for various companies across the globe.

Scope of the Report

Global Market (Actual Period: 2012-2016, Forecast Period: 2017-2022)

Optical Lens Material Market

Type of lens Market - Soft Lens, Gas Permeable Lens

Type of Material Market - Silicone hydrogel, Fluoro-silicone Acrylate, Hydrogel, PMMA

Regional Markets - N. America, Europe, APAC, RoW (Actual Period: 2012-2016, Forecast Period: 2017-2022)

Optical Lens Material Market

Type of lens Market - Soft Lens, Gas Permeable Lens

Type of Material Market - Silicone hydrogel, Fluoro-silicone Acrylate, Hydrogel, PMMA

Country Analysis - US, Canada, UK, Germany, Japan, China, India, Brazil, U.A.E. (Actual Period: 2012-2016, Forecast Period: 2017-2022)

Optical lens Material Market

Other Report Highlights

Market Dynamics - Trends, Drivers, Challenges

Policy and Regulation

Company Analysis- Menicon, Paragon Vision Sciences, Bausch & Lomb, PPG Optical, OPRI Inc., Benz Research & Development

Customization of the Report

The report could be customized according to the client's specific research requirements. No additional cost will be required to pay for limited additional research.

List of Tables

Table A: Conventional Hydrogel Contact Lens Materials

Table B: Silicone Hydrogel Contact Lens Materials

Table C: FDA classification of soft contact lens materials

Table D: Pricing of the contact lens by Menicon

Table E: Pricing of the contact lens material by Paragon Vision Sciences

Table F: Pricing of the contact lens material by Bausch & Lomb

About Us:

Orbis Research ([orbisresearch.com](http://www.orbisresearch.com)) is a single point aid for all your market research requirements. We have vast database of reports from the leading publishers and authors across the globe. We specialize in delivering customized reports as per the requirements of our clients. We have complete information about our publishers and hence are sure about the accuracy of the industries and verticals of their specialization. This helps our clients to map their needs and we produce the perfect required market research study for our clients.
