

Global Sterilized Packaging Market is Expected to Grow at CAGR of 6% by 2022

Sterilized Packaging Market is expected to grow over the CAGR of around 6% during the period 2016 to 2022, by material, by types, by region | Sterilized Packaging Market

Sterilized Packaging Market is expected to grow over the CAGR of around 6% during the period 2016 to 2022, by material, by types, by region | Sterilized Packaging MarketPune, India - April 14, 2017 /MarketersMedia/ -- Market Highlights

Packaging is an important part of the modern life so as to protect the products from harm such as damage, contamination, and leakage while in transit or storage. Some of the products require sterilized packaging that will not protect the products from contamination but also from reacting with packaging solution. The major drivers for the growth of sterilized packaging market are the increasing demand from the customers for sterilized packaging products and requirement in research and development so as to develop cost effective and sustainable packaging. Government regulations for effective packaging of pharmaceutical products, increase in the product life, growing health concern also drives the growth of sterilized packaging market.

Market Research Analysis

The market is highly based on types. Vials segment is expected to dominate the growth of sterilized packaging market due to the growing pharmaceutical industry. Sterilized packaging is widely used to protect the drugs and to prevent contamination. This results in the increase in the usage of sterilized packaging in pharmaceutical industry.

There sterilized packaging is driven by various factors such as increase in the disposable income, development in pharmaceutical packaging, increase in government regulations and increased shelf life of pharmaceutical products.

Key Player

- o Amcor Limited (U.S.)
- o 3M (U.S.)
- o E. I. du Pont de Nemours and Company (U.S)
- o Bemis Company, Inc. (U.S.)
- o West Pharmaceutical Services, Inc. (U.S.)
- o Gerresheimer AG (Germany)
- o SCHOTT AG (Germany)
- o SteriPack Contract Manufacturing (U.S.)
- o Barger Packaging Inc. (U.S.)
- o North American Sterilization & Packaging Company (U.S.).

Regional Analysis

Asia-Pacific region is expected to dominate the growth of sterilized packaging market due to the rising disposable income in countries such as India and China. The growing concern for the health is also responsible for the growth of the market in this region. North America is the second largest sterilized packaging market due to the rising consumption in dairy products and the growing health awareness in the region.

Segmentation

By Material - Plastic, Glass and Others

By Type - Trays, Bottles, Vials and Others

By Region - North America, Europe, Asia-Pacific and ROW

Taste the market data and market information presented through more than 85 market data tables and figures spread in 140 numbers of pages of the project report. Avail the in-depth table of content TOC & market synopsis on "Global sterilized packaging Market Information from 2016 to 2022" Scope of the Report

This study provides an overview of the global sterilized packaging market, tracking three market segments across four geographic regions. The report studies key players, providing a five-year annual trend analysis that highlights market size, volume and share for North America, Europe, Asia Pacific (APAC) and Rest of the World (ROW). The report also provides a forecast, focusing on the market opportunities for the next five years for each region. The scope of the study segments the global sterilized packaging market by its type, by material, by application and by region.

By Material

- o Plastic
- o Glass
- o Others

By type

- o Trays
- o Bottles
- o Vials
- o Others

By region

- o North America
- o Europe
- o Asia-Pacific
- o ROW

Intended Audience

- o Sterilized packaging manufacturers
- o Distributer & Supplier companies
- o End Users
- o Consultants and Investment bankers
- o Government as well as Independent Regulatory Authorities
