WiseGuyReports.Com Publish a New Market Research Report On - "Biodegradable Packaging Materials 2017 Global Market Expected to Grow at CAGR 10.55% and Forecast to 2022".Pune, India - April 14, 2017 /MarketersMedia/ -- The analysts forecast the global biodegradable packaging materials market to grow at a CAGR of 10.55% during the period 2017-2021.

Packaging includes an extensive range of materials such as paper, board, plastic, metal, glass, wood, and other materials. Biodegradable materials such as bioplastics and paper are widely used in packaging applications because of their sustainable nature, appearance, and properties. These materials are decomposed naturally by microorganisms. Biodegradable packaging differs from conventional non-biodegradable packaging in terms of raw materials, production technology, applications, and composting. Biodegradable packaging materials are used in all levels of packaging such as primary, secondary, and tertiary packaging.

Covered in this report

The report covers the present scenario and the growth prospects of the global biodegradable packaging materials market for 2017-2021. To calculate the market size, the report covers the present scenario and the growth prospects of the global biodegradable packaging materials market for 2017-2021.

The market is divided into the following segments based on geography:

- o APAC
- o Europe
- o North America
- o ROW

The report, Global Biodegradable Packaging Materials Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- o BASF
- o International Paper
- o Mondi
- o Smurfit Kappa
- o Stora Enso

Other prominent vendors

- o Biopac
- o Georgia-Pacific
- o Holmen
- o Hood Packaging

- o Kruger
- o MeadWestvaco
- o NatureWorks
- o Novamont
- o Oji Paper Company
- o Rocktenn
- o Mayr-Melnhof Karton

Market driver

- o Rising demand for biodegradable packaging materials in food and beverage segments.
- o For a full, detailed list, view our report

Market challenge

- o High cost of biodegradable packaging materials.

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

o Key market highlights

o Market size and forecast

o Five forces analysis

PART 05: Market segmentation by product type

o Global biodegradable packaging materials market by product type

o Global market for bioplastic packaging materials

o Global market for paper packaging materials

PART 06: Market segmentation by application

o Global biodegradable packaging materials market by application

o Global biodegradable packaging materials in food packaging application

o Global biodegradable packaging materials in beverage packaging application

o Global biodegradable packaging materials market in pharmaceutical packaging application

o Global biodegradable packaging materials market in personal and home care packaging application

PART 07: Geographic segmentation

o Global biodegradable packaging materials market by geography

o Biodegradable packaging materials market in Europe

- o Biodegradable packaging materials market in North America
- o Biodegradable packaging materials market in APAC
- o Biodegradable packaging materials market in ROW

PART 08: Decision framework

PART 09: Drivers and challenges

- o Market drivers
- o Impact of drivers on key geography
- o Market challenges
- o Impact of challenges on key geography

PART 10: Market trends

- o Market expansion
- o Cost-effective biodegradable plastic packaging
- o Increasing product innovations
