

## **Teddy Shake To Commission New Product Images For Gel Pen Set**

*Teddy Shake announced today that the company has commissioned new product photos for their best-selling 105-piece gel pen set.*

Teddy Shake announced today that the company has commissioned new product photos for their best-selling 105-piece gel pen set. Miami, FL, 33131 United States, United States - April 14, 2017 /PressCable/ --

Teddy Shake has decided to create new product images of their best-selling 105- piece gel pen set, that will feature new images of the gel pens as well as photos of items that customers have created using the Teddy Shake gel pens. Since the launch of their rainbow gel pen set just six months ago, Teddy Shake has become the best-selling gel pens on Amazon.com, the exclusive selling partner for the gel pens.

"When we first launched our gel pen set, we had a few type of photos taken of the pens to use for promotional reasons," explained Teddy Shake spokesperson Bailey Anderson. "Since the launch of our gel pens, we have been contacted by many customers, who have provided us with some valuable feedback. In their messages, customers have let us know what they like best about our gel pens, and what features are most important to them. Customers have also shared some beautiful pieces of art that they created using our gel pens. These are the types of things we want to feature in our new gel pen photos. Our hope is to use these photos on the Amazon.com product listing, as well as on social media channels and a new website."

Each Teddy Shake gel pen contains sixty percent more ink than other gel pens on the market today. The ink inside the Teddy Shake gel pen is lead-free, acid-free and non-toxic, which means the gel pens are safe for use by children, or for utilization in scrapbooks or archival documents. There are 105 pens contained in every set of Teddy Shake gel pens. Some of the color varieties include metallic, glitter, rainbow, neon, and milky. The Teddy Shake gel pens are perfect for use in adult coloring books, for drawing, in journals, for school work, or just plain doodling. The specially designed gel pen tip ensures a smooth, continuous flow of ink, so the gel pen does not skip or bleed when used.

The Teddy Shake gel pen set is currently priced at \$27.99, with free shipping available.

About Teddy Shake: "Desiring to make the world a more colorful and creative place, we at Teddy Shake work every day to ensure you have the best gel pens sets on Earth. With hundreds of colors and various tones, we put our gel pens through massive Research and Development tests to make sure your creative flow never stops, and your creations are always perfect."
