

Teddy Shake Announces Price Increase Planned For Popular 105-Piece Gel Pen Set

Due to another increase in material costs, Teddy Shake issued a statement this week announcing that the current discounts on their best-selling gel pen set will end, and the price will increase within the next thirty days.

Due to another increase in material costs, Teddy Shake issued a statement this week announcing that the current discounts on their best-selling gel pen set will end, and the price will increase within the next thirty days. Miami, FL, 33131 United States, United States - April 17, 2017 /PressCable/ -- Over the past six months, the Teddy Shake 105-piece gel pen set has gone from a brand new product to a customer favorite and Amazon best-seller. Although Teddy Shake has made every effort to keep the pricing of the popular gel pen set affordable, due to another increase in material costs, the company issued a statement today that the current discounts on the gel pens must end, and that a price increase will occur, most likely within the next thirty days.

"When we launched our colorful gel pen set, we wanted to make sure that the pens were both high quality and affordable, a combination that can be difficult to balance," explained Teddy Shake spokesperson Bailey Anderson. "We have received some fantastic feedback from customers, explaining how much they love these gel pens, and how great the quality of the pens are. We are committed to continuing this quality in our gel pens. There has been a previous price increase for materials which we have absorbed, but unfortunately, we are no longer able to absorb these increases. We want to assure our customers that we will do our best to ensure the price of the gel pens remains as low as possible. This is important to us."

Every Teddy Shake gel pen set contains 105 pens that are a large variety of colors, including milky, neon, glitter, rainbow and metallic. Each Teddy Shake pen contains 60% more gel ink than other gel pens, and the ink inside the Teddy Shake gel pens is designed not to skip, fade or bleed through the paper when using.

Some of the five-star customer reviews for the Teddy Shake gel pens say "I really like these pens. I find I prefer using ink for coloring than felt or pencil" and " Daughter purchased and LOVES them! Great product, lots of color choices!"

Currently priced at \$27.99, the Teddy Shake 105-piece gel pen set is sold exclusively on Amazon.com. Free shipping is available on any purchase over \$49.
