One verified purchaser, a five-star reviewer, wrote "I went back and forth trying to decide which set to get for my grandson. At two he's always trying to feed me imaginary food. From imaginary to pretend he hasn't stopped playing with this set since it came today. My plan was to split it up as mentioned by another reviewer, but he wasn't having it! He's always in the kitchen at my side everyday. This is a great little set that will be used outside as well in his little swing/table clubhouse area. My spring and summer I'm sure will be filled with many pretend meals."
