Rowland Heights, United States - April 17, 2017 /PressCable/ -- Colore Art has reviewed the Arts and Design world since it announced the launch of Colore Acrylic Paint Set - Set of 12 back in 2014. Colore Art's Acrylic Paint was promised to shake things up and 3 years later, facts are in.

Previously, with even a passing glance, a person would notice how the quality of every other product was not good. The Marketing Manager at Colore Art, Angela Middleton, makes a point of saying "things were always going to change when we launched Colore Acrylic Paint Set - Set of 12". Angela Middleton continues... "Where you'll likely always see our competitors doing the same old thing, we wanted to offer pro-grade quality painting results. We do this because we believe we strive to bring top class art supplies to an art lover. Ultimately we knew it was going to be of huge benefit to our customers because Art supplies are something that every art student and artists need to create their wonderful creations. Getting high-quality items will greatly improve their artworks. Upgrading the tools they use will greatly influence the quality of their work as well. We actually hope others follow suit."

Colore Art was established in 2014. It has been doing business for 3 Years and it has always aimed to providing the consumers the best art supplies with a good price.

Currently, the closest thing to Colore Acrylic Paint Set - Set of 12 is They just don't seem to have a lot of pigment in them, the paint to be very thin it took multiple coats to cover, but Colore Acrylic Paint Set - Set of 12 improved on this by featuring a unique body consistency of each color that is richly pigmented with a glossy smooth premium finish, which produces vivid and vibrantly colored art expression, on any canvas. This alone was enough to make Colore Art's Acrylic Paint more popular with customers in the Arts and Design space, quickly.
