

Eques Launches Kickstarter For Home Protection Doorbell: VEIU

Eques Brings On Funded Today To Attract More Backers

Eques Brings On Funded Today To Attract More Backers Palo Alto, CA, United States - April 17, 2017 /FundedToday/ -- Eques has just launched a smart home protection doorbell on Kickstarter. They have partnered with Funded Today to bring their campaign to a wider audience and reach their funding goal by May 2017.

About VEIU

VEIU is a smart doorbell that streams live video. The device alerts users to motion in front of the door, sending a signal and a live video to their smartphone. Users can use VEIU to communicate with live audio, tell friends to come in the door to the backyard or ward off criminals trying to break in. VEIU is equipped with night vision and a user-friendly interface. Set-up only takes five minutes, and there are no monthly user fees.

Pricing and Availability

VEIU is available to back now on Kickstarter. Eques has brought on Funded Today to help attract more backers to the campaign and increase their amount of pledges. Once the campaign ends, VEIU is set to be produced and shipped to all backers worldwide by July 2017. The starting price for one unit is \$149.

To learn more about VEIU or to back their campaign, you can visit their Kickstarter page here:
