

Portable Water Purification Systems Market 2016 by Technology, Business Segment, RO technology, Analysis and Forecast To 2020

Global Portable Water Purification Systems Market, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years.

Global Portable Water Purification Systems Market, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. April 18, 2017 /MarketersMedia/ -- The purpose of water-treatment is to adopt environment-friendly ways to convert used water into reusable water. The process of recycling involves the use of chemicals for the treatment of water, and if the water is exposed to these chemicals for an extended period, it can lead to health issues. Therefore, an increase in awareness has led to the use water purification systems, which are efficient and scalable when bringing the quality of drinking water up to that of bottled water.

Publisher's analysts forecast the global water purification systems market to grow at a CAGR of 9.92% during the period 2016-2020.

Covered in this report

The report covers the present scenario and the growth prospects of the global water purification systems market for 2016-2020. The revenue calculation is based on the technologies that help the point of use water purification systems that brings water to tap water quality and excludes handheld water purifiers. The technologies included are as follows:

- Reverse Osmosis (RO)
- Ion exchange
- Filtration
- Distillers
- Others (UV, Ozone)

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Publisher's report, Global Portable Water Purification Systems Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- GE Water
- Pall
- RWL Water
- Veolia
- Watts Water Technologies

Other prominent vendors

- 3M
- Brita
- Clack
- Culligan
- Degremont
- EcoWater
- Eureka Forbes
- EVOQUA
- First water
- Pentair
- PureAqua
- WOGGroup

Market driver

- Increasing health concerns
- For a full, detailed list, view our report

Market challenge

- Preference for bottled water
- For a full, detailed list, view our report

Market trend

- Depletion of fresh water resources
- For a full, detailed list, view our report

Table of Contents

- PART 01: Executive summary
- PART 02: Scope of the report
- PART 03: Market research methodology
- PART 04: Introduction
- PART 05: Market segmentation by technology
- PART 06: Market segmentation by end-user
- PART 07: Geographical segmentation
- PART 08: Key leading countries
- PART 09: Market drivers
- PART 10: Impact of drivers
- PART 11: Market challenges
- PART 12: Impact of drivers and challenges
- PART 13: Market trends
- PART 14: Vendor landscape
- PART 15: Key vendor analysis
- PART 16: Appendix
