A car windshield replacement company has launched a new repair shop in Peoria, Arizona, helping more people to stay safe on the road. The company offers chip repair, and full window replacement. Peoria, United States - April 18, 2017 /PressCable/ --

New Image Auto Glass, experts in windshield chip repair, windshield replacement and auto glass services, has launched a new repair shop in Peoria, Arizona. As a major suburb of Phoenix, located in Maricopa County, but partially in Yavapai County, it will offer local residents the chance to get their car windshield repaired quickly and efficiently.

More information can be found at: <http://newimageautoglass.com/peoria.htm>.

Driving with a chipped windshield can be dangerous for a number of reasons. The loss of structural integrity in the event of a front-end collision means that the full effect of the crash will be felt inside the car more easily.

A fully intact windshield helps to transfer the force of a front-end impact down the chassis, which protects the passengers in the event of a crash. In addition to this, there is an increased risk of ejection due to the impact.

New Image Auto Glass can help to prevent this type of hazard by offering high quality glass repair and replacement services, quickly repairing the glass when it is needed, or offering full replacement where necessary.

The site explains that, from simple rock chips to larger cracks, the company can offer professional glass repair from a team of fully trained experts who can help to ensure the structural integrity of their customers' car windshield remains true.

New Image Auto Glass has over 100 full time employees, who are trained in all manner of Glass repair scenarios, and pride themselves on offering fast, high quality service.

In addition to this, the company works with insurance companies and can even file insurance claims for its customers, which means that, often, customers can get their windows repaired or replaced at no actual cost to them.

The company is active in 30 locations, which means that Peoria residents have an easy access point for all of their automobile window replacement needs.
