WiseGuyReports.Com Publish a New Market Research Report On - "Text-to-speech Education Technology 2017 Global Market Expected to Grow at CAGR 8.63% and Forecast to 2020".Pune, India - April 19, 2017 /MarketersMedia/ -- The analysts forecast the global text-to-speech education technology market to grow at a CAGR of 8.63% during the period 2016-2020.

The access to education is gaining mass adoption, largely triggered by e-learning, it also brings into consideration the need to tailor teaching methods. This is essential to create achievable milestones that can meet the objective of providing education to all learners in an equitable manner. As a result, apart from investing in products and services to increase access to education, despite financial, time, and geographic constraints, there is a need to consider assistive technologies as well, to meet this objective. The below exhibit broadly explains the key elements involved in the execution of assistive technologies in educational institutions.

Covered in this report

The report covers the present scenario and the growth prospects of the global text-to-speech education technology market for 2016-2020. To calculate the market size, the report considers the revenue generated from the sales of text-to-speech software solutions and related services for a fee or license to educational institutions.

The market is divided into the following segments based on geography:

- o APAC
- o Europe
- o North America
- o ROW

The report, Global Text-To-Speech Education Technology Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- o IVONA Software
- o NaturalReader
- o NextUp Technologies

Other prominent vendors

- o Claro Software
- o Texthelp
- o goQ Software
- o LumenVox
- o Kurzweil Education
- o ReadSpeaker

Market driver

- o Rise in enrollment of dyslexic students in educational institutions
- o For a full, detailed list, view our report

Market challenge

- o Slow adoption of the Internet in potential markets
- o For a full, detailed list, view our report

Key questions answered in this report

- o What will the market size be in 2020 and what will the growth rate be?
- o What are the key market trends?
- o What is driving this market?
- o What are the challenges to market growth?
- o Who are the key vendors in this market space?
- o What are the market opportunities and threats faced by the key vendors?
- o What are the strengths and weaknesses of the key vendors?

Table Of Contents - Major Key Points

PART 01: Executive summary

- o Highlights

PART 02: Scope of the report

- o Market overview
- o Top-vendor offerings

PART 03: Market research methodology

- o Research methodology
- o Economic indicators

PART 04: Introduction

- o Key market highlights

PART 05: Market landscape

PART 06: Global text-to-speech education technology market

- o Market overview
- o Five forces analysis

PART 07: Market drivers

PART 08: Impact of drivers

PART 09: Market challenges

PART 10: Impact of drivers and challenges

PART 11: Market trends

PART 12: Market segmentation by schools

- o Global text-to-speech education technology market by schools
- o Global text-to-speech education technology market by schools for students with special needs
- o Global text-to-speech education technology market by higher educational institutions
- o Global text-to-speech education technology market by K-12 schools

PART 13: Geographical segmentation

- o Global text-to-speech education technology market by geography
- o Text-to-speech education technology market in Europe
- o Text-to-speech education technology market in North America

o Text-to-speech education technology market in APAC  
o Text-to-speech education technology market by ROW
