Island Dental Associates is a popular and acclaimed dental office based in Long Island, New York, with more than 20 years of experience providing its patients the best dental care and a beautiful, healthy smile they can be proud of with a premier, affordable and convenient range of general, cosmetic, denture and implant dentistry services.

The popular dental office has announced the launch of an on-site dental lab which allows patients to conveniently get dentures, denture repairs and relines or implants, crowns and any dental restorations or tooth replacement needs conveniently serviced within the same day. It also allows the patient's dentists to better supervise the work performed to ensure better quality and fitting.

The state of the art dental lab, attached to the Island Dental Associates' office conveniently located on 639 Hempstead Turnpike, Franklin Square, NY, is fully staffed with a team of seasoned technicians equipped with the latest technology and high quality materials, which work directly with each patient's dentist to achieve the most natural fit, color, shape, size and feel on any dental restoration.

Free consultations and appointments with Island Dental Associates and more information on its on-site dental lab, same-day dental restoration services or leading range of cosmetic and general dentistry solutions along with multiple patient testimonials, smile galleries and details on its renowned team of dentists with Dr. Eric Weinstein, Dr. Vikas Mittal, Dr. Amit Gupta and Dr. Divina Jordan, are available at 516-565-6565 or at <http://islanddentalassociates.com>.

The Island Dental Associates team explains how "this is the first on-site dental lab in Long Island. It offers tremendous benefits to our patients by bringing all of our dental lab services under one roof. This means we can perform same day dental restorations, denture repairs or relines and fabricate them all under strict control of our dentists to guarantee the best fit and the most natural look, at all times."
